World Economic Forum Partners are leading

The 54th Annual Meeting of The World Economic Forum (WEF) is currently underway at Davos-Klosters in the Swiss canton of Graubünden.

The Forum's "Partners" page explains that the companies it allies with "are the driving force behind the Forum's programmes."

These programs advance the so-called "Great Reset," after which citizens [will](#) "own nothing" and "be happy" about it.

The WEF is also behind the climate change narrative, promoting China as the next world superpower, and Diversity, Equity, and Inclusion (DEI) efforts.

The globalist group accomplishes this by partnering with top politicians from around the world as well as international corporations.

Below is a list of every company that is [officially partnered](#) with the WEF:

Thank you, Jon! That's an amazing and mind boggling list of the WHO'S WHO of EVIL! What I'm seeing within that list, is tens of trillions of \$\$\$ in investments. Am I wrong? It's all there: banksters, defense agencies, airlines, Big Pharma, food/chemical giants, microsoft, google...Obviously, they're all into the diversity, inclusion, equity agendas. The sheer Money, Power and Control that the WEF has been given, is definitely something to be concerned about. Of course, I should also throw in the WHO and UN. You wouldn't happen to have a similar list for those evil entities - would you?

This list should be shared EVERYWHERE and EVERYONE should grasp the concept of restoring power to the people by boycotting every single company. If millions did this the tables would be turned instantly and we might then stand a chance. But I am now certain that the addiction among consumers is immune to rehabilitation and the WEF knows this - no one is willing to give up their pursuit of stuff they rationalize a thousand different ways, convinced they can't live without. Thing is, they are killing THEMSELVES now as they continue to give their power away in exchange for whatever they equate with a temporary temporal happiness, ignorant of the true cost, feathering their kill box...dumbasses, all.
