What's the difference Q5

Return to Constitutional Law

Created by Charlie Ward on 18th April 2022 and Updated on 12th October 2022 for your guidance as we transition.
God Won.

What's your Choice Q5

- ◆ We are returning to Constitutional Law as this is the law of the land and we live on land now. In the future we will also live on floating Islands but this will also be defined as land because they will be created and designed as Cities, States and Countries small as Palau and large as Australia. There is no need for the laws of Pirates as we have all been raped enough over the last few centuries. As Civil Servants and those in Military Service swear their oath of office it is always based on defending the Constitution of their nation not Maritime Laws.
- ◆ Law of the Seas, Maritime Law, Admiralty Law (By Consent)

What's the difference Q6

◆ Representational elections within the law

What's your Choice Q6

- ◆ Your vote on the new Quantum voting system cannot be altered by anyone so your vote has a value and the new voting system is representational
- ◆ Under the current system they decide who wins the elections, your vote under their system will never have any value, They use Dominion to switch votes to whoever they want in power.

What's the difference Q7

◆ Election oversight

What's your Choice Q7

- ◆ This is a big deal right now with the 2020 elections being stolen from us all not only in the United States but all over the free world. One member of our Team was personally offended by this, as he was a 2 year Army Veteran and 11 year Navy veteran, who participated in three war campaigns seeing fellow comrades die in action defending our constitutional rights to live free and that right includes our right to vote on those who are to represent we the people. When that was stolen from us by the manipulation of big tech using the dominion machines, mainstream media, big tech social media outlets, I felt like going to war against these new enemies of the good people of the United States. The QFS operating system is the right operating system to provide true uncorrupted manipulation of private virtual and true communications in a fraction of a second. This application tied with hardware such as the QPhone will deliver private communications in all areas of concern especially voting!!! Furthermore, it can be used to reverse bad laws as well with the private voices of all people..
- ◆ Under the current system they decide who wins the elections, your vote can be switched easily with the help of Dominion to who ever they choose as their preferred representative.

What's the difference Q8

◆ Federal Reserve Bank

What's your Choice Q8

- ◆ Yes the design and purpose of the Federal Reserve is over and part of Nesara / Gesara, as the main tool dollarization of the Global Market places based on Fractional Banking policies, created an endless cycle of debt slavery and cause debt bondage of the entire populations of each and every nation. They used this foundation of the Monetary System manipulation to cause wars, artificially create shortages, cause death through many indirect causes including starvation, civil unrest and even funded black operations in the murder of those whom would object to the abuses created and managed by those that controlled the global monetary systems using fiat currency and the abuse of natural resources of developing nations through unwarranted loans from not only the FRB but also the IMF, World Bank, policy via the CRF, Bildaberg Group, backed by enforcement of NATO, United Nations and encouraged by religious organizations such as the Vatican and Queen of England under the 13 Bloodline Families. Yes the corruption is big and wide and only by the Grace of God have we all had an opportunity to overcome the evil atrocities imposed upon all of Humanity.
- ◆ The Deep state and the Cabal are desperate to recover control of the FED as they no longer have access to unlimited funds to finance war or other nefarious activities. All Central banks will be closed down.

What's the difference Q9

◆ New Currency

What's your Choice Q9

- ◆ Global Digital Currency backed by liquid assets under the BASEL III and IV accords is the beginning of freedom. Tie that in with the sovereignty of each host nation respecting their national rights for their monetary authority yet exchangeable globally using the QFS operating system with online banking created the right medium for global exchange. Now add individual capability using devices like the Qphone under the Virtual Private Networks such as those provided with a FSC - QFS online Bank Account and you now have total complete private direct banking on the palm of your hand.
- ◆ In the future, the assets backing digital currency will become energy and this special energy will become more valuable as humanity expands to colonies in space and new planets with the advance of space travel in advance spacecrafts, portals such as star gates using existing wormholes and other wonderful new technology being introduced as humanity elevates into the 4th and 5th dimensions of existence.
- ◆ The Deep state and the Cabal are desperate to recover control of the FED as they no longer have access to unlimited funds to finance war or other nefarious activities. **All Central banks will be closed down.**
- ◆ Their digital currency is know as CBDC (Central Bank Digital Currency) This will be shown to the public and exposed and collapsed in plain sight as it is NOT backed by anything. (same old banking same old tricks)

What's the difference Q10

◆ Differences

Created by Charlie Ward on 18th April 2022 and Updated on 12th October 2022 for your guidance as we transition.
God Won.

What's your Choice Q10

- ◆ **Yes the only choice is by design**, God's commandment to Love God with all your heart and to love your neighbour as yourself. Best way to do this is to do good works using all what God has given you with witty inventions, knowledge, lots of prayer, pure heart and great joy knowing you are going to live your purpose driven life here on earth for all of humanity and even love those extra-terrestrials that seek to live in peace and harmony. Now concern those that do not desire to live in peace ask them to depart to another planet without humans as food or slaves... They can just create clones in their images and be off.....
- ◆ The Deep State and Cabal want to use AI to track and trace everybody by nano technology implanted under the skin by use of the vaccination, and control everybody under their own rules and reduce the population by 95% to their job easier, using war and Bio weapons to achieve their goals. Check out the World Economic forum to see their nefarious plan at <https://www.weforum.org/> ITS ALL IN BLACK AND WHITE

What's the difference Q11

◆ Your Choice

◆ God and Love and Sovereignty.

◆ or

◆ The Deep State and Cabal Life as a Robot

What's your Choice Q10

- ◆ Return to being a Sovereign being as God had always intended with control over your life in a free and peaceful world without war or enslavement.
- ◆ God Won.
- ◆ The Deep State and Cabal want to Control and manage the world the way they want, and regard the people as ignorant and incapable of doing this. They want to control the people by nano technology so that they become robots in their evil plan. They would assume the role of ultimate controller.
- ◆ Satan Lost.
