

Would you care to enlighten me why Obama put **Ukraine** in 3 of his Executive Orders?

Perhaps... protecting the Corporate United States interests with the Corporate NATO members?

One first has to understand, comprehend and know the United States by U.S. Law became a Corporation in 1871 when President Ulysses S. Grant signed a treaty with England selling us back to British Rule.

The FIRST thing you need to know is the United States became a Corporation BY LAW... This is where America changed.

One must understand the United States Corporation as written in our Law, when America lost her Constitutional Republic, and became a part of Britain again, via Law.

Very vital to read, reread, apply and retain. You have to understand that to understand this:

The United States Corporation is about **profit**.

Create a “problem” and already have a “solution” to that “problem.”

Build, Destroy, Rebuild. Repeat.

Chaos is good for business and **power acquisition**.

Every single War and Conflict from 1871 to 2016... was centered around power acquisition, profit, and elite mafias around the globe, not just the US Corporation.

The United States Corporation, *preface*:

History today will tell you Ulysses S. Grant went bankrupt in his personal life. No, he signed a Treaty with Britain called the Treaty of Washington in 1871...

Think about it: History Books are on shelves in libraries where the average American has not been in many years since the Internet; The average American does not read Books; the attention span is PATHETIC in this Nation.

So, that's why Americans and Veterans like me get all kinds of crazy looks for showing LAWS and ORDERS plus History.

By LAW (**Stoutenburgh v. Hennick, 129 U.S. 141 (1889)**), we became the Corporation of America and no longer the United States of America.

And from the 1870s to present day, certain groups of people, evil, have led us to this point.

The United States, Corporation:

You are here: www.abodia.com/2/United-States-is-a-corporation.html

The "United States" is a Corporation. Supreme Court confirms Federal Zone (zip codes) District of Columbia, corporation possession of the Queen of England 1788 Original Constitution for the United States, original organic, of the people's government.

1871 Amended version CONSTITUTION OF THE UNITED STATES, US is a private corporation. The UNITED STATES was formed in 1871, which controls only the District of Columbia and the territories it purchases or acquires; Puerto Rico, Guam, Virginia Islands. Many think that income taxes, and some laws do not affect people in the sovereign states of the union as they are outside of the control / jurisdiction of the United States corporation. The United States of America is different from the "United States" [corporation].

The terms UNITED STATES and/or United States of America and/ or United States Government are all a private corporation, even with registered trademark The US corporation (originally called the District of Columbia) does not effect or control the 50 sovereign states that are protected from the federal government by the US Constitution for the United States adopted in 1788.

There are 2 United States, one formed in 1787, the collection of the several sovereign states of the union, and another separate and different one formed in 1871, which only controls the District of Columbia and its territories. Others may give you specific references and explain this further. Here is an outline of the concepts.

The date is February 21, 1871 and the Forty-First Congress is in session. I refer you to the "Acts of the Forty-First Congress," Section 34, Session III, chapters 61 and 62. On this date in the history of our nation, Congress passed an Act titled: "An Act To Provide A Government for the District of Columbia."

This is also known as the "Act of 1871." What does this mean? Well, it means that Congress, under no constitutional authority to do so, created a separate form of government for the **District of Columbia**, which is a ten mile square parcel of land. The Constitution for the United States of America was adopted on September 17, 1787, by the Constitutional Convention in Philadelphia, Pennsylvania, and ratified by conventions in each U.S. state in the name of "The People."

Sections 1 and 18 of the act of congress of February 21, 1871, entitled 'An act to provide a government for the District of Columbia,' (16 St. 419,) are as follows: 'Section 1. That all that part of the territory of the United States included within the limits of the District of Columbia be, and the same is hereby, **created into a government by the name of the District of Columbia, by which name it is hereby constituted a body corporate for municipal purposes**, and may contract and be contracted with, sue and be sued, plead and be impleaded, have a seal, and exercise all other powers of a municipal corporation not inconsistent with the constitution and laws of the United States and the provisions of this act.' 'Sec. 18.

That the legislative power of the District shall [129 U.S. 141, 144] extend to all rightful subjects of legislation within said District, consistent with the constitution of the United States and the provisions of this act, subject, nevertheless, to all the restrictions and limitations imposed upon states by the tenth section of the first article of the constitution of the United States; but all acts of the legislative assembly shall at all times be subject to repeal or modification by the congress of the United States, and **nothing herein shall be construed to deprive congress of the power of legislation over said District** in as ample manner as if this law had not been enacted.' These sections are carried forward into the act of congress of June 22, 1874, **entitled 'An act to revise and consolidate the statutes of the United States, general and permanent in their nature, relating to the District of Columbia, in force on the first day of December, in the year of our Lord one thousand eight hundred and seventy-three,'** as sections 2, 49, 50. - - - also note

And Whereas: The Constitution does provide that **Congress has the power to exercise exclusive legislation in all cases whatsoever over such district not exceeding ten miles square**, as may, by session of particular states and the acceptance of Congress, become the seat of government of the United States. And Whereas: On February 21, 1871, the Forty First Congress passed an act entitled "An Act to Provide a Government for the District of Columbia," legislating the organization of a municipal corporation to run the day to day affairs of the District of Columbia, the seat of government, which transferred the United States of America, the Republic, into "a corporate entity" entitled UNITED STATES, in capital letters, having "no" jurisdiction outside the District of Columbia.

And Whereas: Congress adopted the text of the federal constitution as the constitution or charter of this municipal corporation. This municipal corporation was granted the

power to contract to provide municipal services to the inhabitants of the District of Columbia and necessarily as an operation of the privileges and immunity clause of Article Four of the Constitution, any other person who chooses to contract for its services.

- - Is there fraud in our ranks?

The Webster's Dictionary states that **Fraud** means *Deceit, Trickery, intentional perversion of truth* in order to induce another to part with something of value or to **surrender a legal right**.

The Blacks Law Dictionary states pretty much what the Webster's Dictionary does but adds about two pages full of information. My favorite part is: A false representation of a matter of fact, whether by words or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed, which deceives and is intended to deceive another so that he shall act upon it to his legal injury.

February 21, 1871 Congress Passes an Act to Provide a Government for the District of Columbia, also known as the Act of 1871*

With no constitutional authority to do so, Congress creates a separate form of government for the District of Columbia, a ten mile square parcel of land (see, Acts of the Forty-first Congress," Section 34, Session III, chapters 61 and 62).

The act -- passed when the country was weakened and financially depleted in the aftermath of the Civil War -- was a strategic move by foreign interests (international bankers) who were intent upon gaining a stranglehold on the coffers and neck of America. Congress cut a deal with the international bankers (specifically Rothschilds of London) to incur a DEBT to said bankers. Because the bankers were not about to lend money to a floundering nation without serious stipulations, they devised a way to get their foot in the door of the United States.

The Act of 1871 formed a corporation called THE UNITED STATES. The corporation, OWNED by foreign interests, moved in and shoved the original Constitution into a dustbin. With the Act of 1871, the original Constitution for the united States (1787) was defaced in effect vandalized and sabotage when the title was capitalized and the word "for" was changed to "of" in the title THE CONSTITUTION OF THE UNITED STATES OF AMERICA (1871) is the constitution of the INCORPORATED UNITED STATES OF AMERICA.

It operates in an economic capacity and has been used to fool the People into thinking it governs the Republic. It does not!

Capitalization is significant when one is referring to a legal document. This seemingly "minor" alteration has had a major impact on every subsequent generation of Americans.

What Congress did by passing the Act of 1871 was create an entirely new document, a constitution for the government of the District of Columbia, an INCORPORATED government. This newly altered Constitution was not intended to benefit the Republic. It benefits only the corporation of the UNITED STATES OF AMERICA and operates entirely outside the original Constitution.

Instead of having absolute and unalienable rights guaranteed under the original Constitution, we the people now have "relative" rights or privileges. One example is the Sovereign's right to travel, which has now been transformed (under corporate government policy) into a "privilege" that requires citizens to be licensed.

By passing the Act of 1871, Congress committed TREASON against the People who were Sovereign under the grants and decrees of the Declaration of Independence and the original Constitution.

<http://www.supremelaw.org/decs/dccases/metrorrc.htm> explains here:

JUDICIAL INTERPRETATIONS

District of Columbia

On May 3rd, 1802 an Act was passed to incorporate the City of Washington. (2 Stat. at L. 195.) In 1871 an important modification was made in the form of the district government -- a Legislature was established, with all the apparatus of a distinct government. By the Act of February 21st, of that year, entitled "An Act to Provide a Government for the District of Columbia (16 Stat. at L. 419), it was enacted (sec. 1) that all that territory of the United States included within the limits of the District of Columbia be created into a government by the name of the District of Columbia by which name it was constituted a "a body corporate for municipal purposes," with power to make contracts, sue and be sued, and "to exercise all other powers of a municipal corporation not inconsistent with the Constitution and laws of the United States.

This Constitution lasted until June 20th, 1874, when an Act was passed entitled "An Act for the Government of the District of Columbia, and for other purposes." (18 Stat. at L. 116) By this Act the government established by the Act of 1871 was abolished. p 234

By a subsequent Act, approved June 11th, 1878 (20 Stat. at L. 102), it was enacted that the District of Columbia should "remain and continue a municipal corporation," as provided in section two of the Revised Statutes relating to said District, and the appointment of commissioners was provided for, to have and to exercise similar powers given to the commissioners appointed under the Act of 1874. All rights of action and suits for and against the District were expressly preserved in status quo. p. 234

All municipal governments are but agencies of the superior power of the State or government by which they are constituted, and are invested with only such subordinate

powers of local legislation and control as the superior Legislature sees fit to confer upon them. p. 234

The people are the recognized source of all authority, state or municipal, and to this authority it must come at last, whether immediately or by circuitous route. Barnes v. District of Columbia, 91 U.S. 540, 545 [23: 440, 441]. p 234

Chief Justice Marshall, speaking for this court, in the case of Hepburn v. Ellzey, 6 U.S. 2 Cranch, 445 [2:332], where the question was whether a citizen of the District could sue in the circuit courts of the United States as a citizen of a State. The court did not deny that the District of Columbia is a State in the sense of being a distinct political community; but held that the word "State" in the Constitution, where it extends the judicial power to cases between citizens of the several "States," refers to the States of the Union. It is undoubtedly true that the District of Columbia is a separate political community in a certain sense, and in that sense may be called a State; but the sovereign power of this qualified State is not lodged in the corporation of the District of Columbia, but in the government of the United States. Its supreme legislative body is Congress. The subordinate legislative powers of a municipal character which have been or may be lodged in the city corporations, or in the District of Columbia, **do not make those bodies sovereign.**

`It is well settled that "United States" et al is a corporation, originally incorporated February 21, 1871 under the name "District of Columbia," 16 Stat. 419 Chapter 62. It was reorganized June 11, 1878; a bankrupt organization per House Joint Resolution 192 on June 5, 1933, Senate Report 93-549, and Executive Orders 6072, 6102, and 6246; a de facto (define de facto) government, originally the ten square mile tract ceded by Maryland and Virginia and comprising Washington D. C., plus the possessions, territories, forts, and arsenals.

The significance of this is that, **as a corporation, the United States has no more authority** to implement its laws against "We The People" than does McDonald Corporations, except for one thing -- the contracts we've signed as surety for our strawman with the United States and the Creditor Bankers. These contracts binding us

together with the United States and the bankers are actually not with us, but with our artificial entity, or as they term it "person", which appears to be us but spelled with **ALL CAPITAL LETTERS**.

All this was done under, VICE-ADMIRALTY COURTS.

In English Law. **Courts established in the queen's possessions beyond the seas, with jurisdiction over maritime causes**, including those relating to prize.

[INSERT]: Notice the term: Admiralty Courts? = Maritime Law.]

The **United States of America is lawfully the possession of the English Crown per original commercial joint venture agreement between the colonies and the Crown**, and the Constitution, which brought all the states (only) back under British ownership and rule. The **American people, however, had sovereign standing in law**, independent to any connection to the states or the Crown. This fact necessitated that the people be brought back, one at a time, under British Rule, and the commercial process was the method of choice in order to accomplish this task. First, through the **14th Amendment** and then through the registration of our birth certificate and property. **All courts in America are Vice-admiralty courts in the Crown's private commerce.**

End.

Ever notice how our Attorneys, Lawyers, and Courts systems have been as corrupt as they've been? Zero consistency with law from 1871 to 2016.

How about starting with telling me why Attorneys and Lawyers in this Country have to pass the "BAR Exam?"

What is the BAR?

BRITISH ACCREDITATION REGISTRY

<https://www.thelibertybeacon.com/british-accreditation-registry-crown-temple-b-a-r/>

Would you care to enlighten me why our very premise, Origin, and Foundation, the REVOLUTIONARY Founders fought and defeated, the whom?

THE BRITISH.

Who revolted in 1812?

THE BRITISH.

When was "**the BAR**" established?

Local bar associations before **1870** were basically social groups, which took little or no responsibility for maintaining the quality of admissions or performance by the membership.

In **1870**, leading lawyers in Manhattan organized the "Association of the Bar of the City of New York" to battle the notorious political corruption of the Tweed machine.

The bar quickly emerged as a powerful organization and a model to others; in the **1870s**, eight cities and eight statewide associations were in operation.

By 1890, there were 20 state bar associations, 40 by 1900, and 48 by 1916. By 1890, the number had increased to 159 bars at the local level, and over 1,100 by 1930.

They still performed social functions, but were increasingly called upon to organize, discipline, and professionalize lawyers, while fighting off the long-standing hostility and ridicule prevalent toward the legal profession.

An important priority for the states and for the national *American Bar Association* was to maintain control over state bar examinations and over requirements for law schools, such as academic curriculum, library facilities, and availability of full-time faculty.

History of the American Legal “Profession”

https://en.wikipedia.org/wiki/History_of_the_American_legal_profession

The “United States of America” is an **illegal Quasi government** that should be called the United States Corporation.

Which also shows the **INFILTRATION** of evil cronies placing certain people in certain positions and places. It has happened in **every facet** of our Nation since the 1870s.

One must understand the United States Corporation as written in our Law, when America lost her Constitutional Republic, and became a part of Britain again, via Law.

Very vital to read, reread, apply and retain. You have to understand that to understand this:

The United States Corporation is about **profit**.

“Create a “problem” there’s already a “solution” to.”

Build, Destroy, Rebuild. Repeat.

Chaos is good for business and **power acquisition**.

As you read in Part One, there’s been 200 Generals since the 1940s, who said they wanted to form an alliance and restore the Republic...

Let's look at America since JFK.

I have a friend, in his 70s, retired and decorated U.S. Army Special Forces and retired Chevron Chemist of 30 plus years, whom I admire and mentored me with applying my knowledge with his wisdom, knowledge, and experience.

The Founding Fathers had nothing but the best interest at hand. A Republic. America is not a Democracy. "To the Republic, on which she stands." They discussed many forms of Government that had never worked and established us based on "Life, Liberty, and the Pursuit of Happiness" but with those came prices. They set the wheels into motion, but very early on there were already splits with parties wanting separate agendas. Though during our early history, development and growth as a Country, most people had a common goal but gradually started splitting more and more.

These are from a friend I went to college with in Colorado. He's an expert Chemist who was with Chevron for over 30 years, and one of our nation's top Special Forces Vets, who came from Australia, joined the US Military for citizenship in the 70s, this is a quick explanation of today's system and why it needed a Covert Operation and a 'takeover' which is in the form (right now) of a secret / non-visual Coup De' Etat.

3 Fundamental Acts that changed the American Economic System under the US Corporation taking us closer and closer to **NWO**:

1. **The Civil Rights Act of 1964 – 1965**. Originally passed for Segregation (for one portion of a people). It as a whole could be good or bad, it will depend on who is interpreting the situation. But now – it's open for everyone and anyone; no common goal.

For example: the Bill of Rights 2nd Amendment says: The right to bear arms; however, the Government does not buy your guns for you. But the Civil Rights Act for example gives a Mother or a Parent the "right" to say "my disabled child deserves to be in the classroom full of 40 advanced children"... so then the taxpayers all of a sudden have a burden to pay for a teacher's aide in every classroom that one child enters at the cost of the 40 advanced. Which is a downfall in our system.

So, why does one pay for rights and the other doesn't? Our system was created to make the law, pass the law, and interpret the law from which it was created. Nowadays, we have the 9th Circuit and other agenda-based people "interpreting" the law(s) according to how they want or see it instead of how it was originally created.

You cannot sustain any economy based on this. There's zero foundation or zero principles; and definitely does not support a common goal or people... which ultimately depends on who's interpreting these individual acts that can fall on the taxpayers when it could only be in the interest of one person or a tiny portion – not the greater good of the people or the majority; it creates more chaos and not commonality.

2. **The 1968 Unified Budget Act** – called "on-budget" and "off-budget"; Lyndon Johnson and Nixon changed the way that the Government accounted for its

budget; it's never been the same since. For example: budget deficits became an investment rather than debt.

Another great example: when Ronald Reagan was elected President in 1981, he started spending massively on the Military, the Democrats charged he was raiding Social Security to do it, but he wasn't; the Unified Budget Act took all of the Social Security Trust Funds, the Medicare Trust Funds, the Highway Trust Funds, and Aviation Trust Fund and put it into the General Budget... so, he was not raiding Social Security because it was part of the General Budget.

What we now say as the Social Security Trust Fund is short for – for the current and future generations – is due to the Unified Budget Act and putting everything into the General Budget and not under the Trust fund under just Social Security. Though in 1986, this was changed. It still has huge implications on spending.

3. The Gold Standard Nixon Shock of 1972 – changed the value of the dollar. It was no longer relative to the value of gold; but now, the dollar has essentially no relevant value. If you want more dollars... you simply print it. Which causes inflation and stagnations. Our dollar value is as valuable or invaluable as you want it to be; we're free to do good or be irresponsible... depending on the agenda. No set standard anymore. Forever changes American history and also does not help sustainability when there's no common core principle or goal.

Which is why it's VITAL to understand... John Fitzgerald Kennedy was a threat to the mafia... he was the Donald John Trump of 1961-63.

Reagan was warned by the Deep State for getting too charismatic and tipping the iceberg with conservatives... hence why he was shot, not killed.

George Bush Sr. who's really George Scerpa, deceived conservatives with his speech about the New World Order on **September 11, 1990**, and another on **January 29, 1991**, at the State of the Union... imagine that, just 10 and 11 years prior to his son, the evil mafia and Corporation rigging 9/11.

And lookie here... Joe Biden on Thursday, **April 23, 1992**, with his piece in the Wall Street Journal called:

"How I Learned To Love New World Order:"

BY ADMIN · PUBLISHED JUNE 13, 2019 · UPDATED JUNE 13, 2019

In an article entitled, "*How I learned to love the New World Order*," Biden outlines his plans to destroy national sovereignty, establish a one world government, and "*breath new life into the U.N. Charter*."

THE WALL STREET JOURNAL THURSDAY, APRIL 23, 1992

A13

Imagine my surprise when a Wall Street Journal editorial appointed me dean of the Pat Buchanan school of neo-isolationism. My credentials? Believing that the Pentagon's new strategy — America as "Globo-cop" — could render the United States a hollow superpower.

All agree we need the military capacity to defend our vital interests — by ourselves when need be. The question is grand strategy. With the Journal's endorsement, the Pentagon has called for a Pax Americana: The U.S. should cast so large a military shadow that no rival dare emerge.

By Joseph R. Biden Jr.

ly or even militarily wise? Bristling with weapons, we would continue our economic decline, while rising industrial and financial giants in Europe and Asia viewed our military pretensions with indifference or contempt.

Defense Secretary Dick Cheney outdid even the Journal, dipping deep into the well of Cold War argumentation to accuse Pax Americana critics of thinking "America's world presence is somehow immoral and dangerous."

Why doesn't the Journal stop the name-calling, get its schools sorted out, and court an honest debate over America's proper role in the new world order?

Pat Buchanan's "America First" preaches martyrdom; We've been suckered into fighting "other" people's battles and defending "other" people's interests. With our dismal economy, this siren song holds some appeal.

But most Americans, myself included, reject 1930s-style isolationism. They expect

to see the strong hand of American leadership in world affairs, and they know the economic retreat would yield nothing other than a lower standard of living. They understand further that many security threats — the spread of high-tech weapons, environmental degradation, overpopulation, narcotics trafficking, migration — require global solutions.

What about America as globocorp? First, our 21st-century strategy has to be a shade more clever than Mao's axiom that power comes from the barrel of a gun. Power also emanates from a solid bank balance, the ability to dominate and penetrate markets, and the economic leverage to wield diplomatic clout.

Second, the plan is passive where it needs to be aggressive. The Journal endorses a global security system in which we destroy rogue-state threats as they arise. Fine, but let's prevent such problems early rather than curing them late. Having contained Soviet communism until it dissolved, we need a new strategy of "containment" — based, like NATO, on collective action, but directed against weapons proliferation.

The reality is that we can slow proliferation to a snail's pace if we stop irresponsible technology transfers. Fortunately, nearly all suppliers are finally showing restraint. The maverick is China, which persists in hawkling sensitive weapons and technology to the likes of Syria, Iran, Libya, Algeria and Pakistan — even while pleading otherwise.

The Senate has tried to force China's leaders to choose between Third World arms sales (1991 profits of \$500 million) and open trade with the U.S. (a \$12.5 billion annual Chinese surplus). Even though we have convincing intelligence that China's leaders fear the use of this leverage, the president inexplicably refuses to challenge Beijing.

Weapons containment can't be foolproof; and against a nuclear-armed North Korea, I would support pre-emptive military action if necessary. But let's do our best — using supplier restraint and sanctions against outlaw sellers and buyers — to avoid having to round up the posse. Why not an anti-proliferation "czar" in the cabinet to give this objective the prominence it urgently needs?

Third, Pax Americana is a direct slap at two of our closest allies — Japan and Germany—and a repudiation of one of our

Rather than denigrating collective security, we should regularize the kind of multilateral response we assembled for the Gulf War. Why not breathe life into the U.N. Charter?

great postwar triumphs. For years, American leaders argued that building democracy in Europe and Asia would guarantee stability because democracies don't start wars. Now the Pentagon says we must keep our military large enough to persuade Japan and Germany "not to aspire to a greater role [even] to protect their legitimate interests."

How has our success suddenly become a threat? It hasn't, but the Pentagon plan could become a self-fulfilling prophecy. By insulting Tokyo and Berlin, and arrogating to ourselves military stewardship of the world, we may spark the revival no one wants.

Secretary Cheney says he wants the allies to share the burden on defense matters. But Pax Americana puts us on the wrong end of a paradox: Hegemony means

that even our allies can force ever greater U.S. defense spending the more they try to share the burden!

Fourth, collective security doesn't rule out unilateral action. The Journal says I'm among those who want "Americans . . . to trust their security to a global committee." But no one advocates that we repeal the "inherent" right of self-defense enshrined in Article 51 of the United Nations Charter.

Secretary Cheney says his plan wouldn't undermine support for the U.N. Who would know better than the U.N.'s usually understated secretary general? If implemented, says Boutros Boutros-Ghali, the Pentagon's strategy would spell "the end of the U.N."

Rather than denigrating collective security, we should regularize the kind of multilateral response we assembled for the Gulf War. Why not breathe life into the U.N. Charter? It envisages a permanent commitment of forces, for use by the Security Council. That means a presumption of collective action—but with a U.S. veto.

Rather than defending military extravagance, the Bush administration should be reallocating Pentagon funds to meet more urgent security needs: sustaining democracy in the former Soviet empire; supporting U.N. peacekeepers in Yugoslavia, Cambodia and El Salvador; and rebuilding a weakened and debt-ridden America.

If Pentagon strategists and their knee-jerk supporters could broaden their horizons, they would see how our superpower status is best assured. We must get lean militarily, revitalize American economic strength, and exercise a diplomatic leadership that puts new muscle into institutions of collective security.

Now let's look into ole “**Dubya**,”

George “Dubya” Bush Jr.

Listen for his comment about “calling” his father before he died.

Why did George Bush Jr. have to “**call**” his father before he died?

How come “Dubya” couldn't be with his father as he died?

What's in ***the note*** that was given to those individuals?

Same Funeral - watch for the NOTE

Ever heard of Guantanamo Bay aka Gitmo?

Ever heard of Crimes Against Humanity?

Ever heard of Treason?

Ever heard of the Firing Squad?

Well if you do or don't, I can 110% assure you Military Tribunals are coming in 2023.
And:

“The evidence and crimes will be displayed to the public in FULL ACCORDANCE TO THE LAW.” - President Trump

In order to truly understand, “why” and “how”... you must understand, in order to be on top of the world and elite like the money and power these evil players have.

You must create division, but not too much division... you cannot expose too much to the left, or the right will find the truth, or you cannot expose too much to the right, or the left will find the truth, and each of those will eventually lead to that side revolting.

Once again... the mafia and **left-wing blueprint**:

Create a “problem” there’s already a “solution” to.

Chaos and Division is good for business and power acquisition.

Build, Destroy, Rebuild. Repeat.

Ever wonder why one administration was daylight and dark different from the one before?

Power and successful acquisitions keep *balance*.

One admin came in... tipped the division to the left.

Next admin, or same President four more years... tip the division back to the right.

Create a “problem” and already have the “solution” to the problem they created.

From 1871 to 2016, there’s never any continuity for humanity and the common good of people.

You clearly see evil every day in life... murders in your community, violence, thefts, etc. How could you not understand or want to understand the most elite mafias, cronies, and cabals in the military and government?

Now, let’s get to Obama, the Muslim:

THE OBAMA ADMINISTRATION ADDED TO THE INFILTRATION OF OUR GOVERNMENT AND MILITARY.

Obama was chosen via the Deep State. Just a continuation of the United States Corporation.

He not only broke the back of the Military and bankrupt the branches... he also aided many Muslim countries in more efforts to achieve New World Order.

Obama created ISIS.

Obama gave more liberties to terrorists than he did those in the military.

He infiltrated the courts with his cronies. Hence why the Media laughed at President Trump on Circuit Court levels for losing 59 of 60 **efforts to overturn** the Election results in FULL ACCORDANCE TO THE LAW... all Optics. All a plan. Trust the plan.

All of those Judges were Clinton, Bush, and Obama appointed. #Optics

It's not Courts who decide Presidents... that's Congress. Thank you Founders.

You must read and understand what Obama's Executive Orders and what they *actually* meant.

What you were told and what was written are two worlds apart.

It's their tactic of the US Corporation. They use a form of rhetoric much like reverse psychology. They tell you negative and evil things they know are coming because they create them and have a solution.

Obama's key Executive Orders

Executive Orders like this are important to note: Who the President is and who he appointed in positions. When you're appointing evil to tear down the military and create more laws for the New World Order... that's why most of these are important.

DOJ Succession - if Attorney General "Dies"

District of Columbia, NORTHERN DISTRICT of Illinois (Obama cronies), and California, liberal infested Attorneys.

All Corporation and Mafia

Here's my story with serving under Obama:

Although classified and still a major blunder, myself and a few others were separated by poor leaders, our own people, and we were interrogated, hazed, and harassed for months which ultimately made our injuries worse. And now seeing multiple leaders being relieved of their duty from Chapter 18 of the Law of War Manual (which wasn't written until June 12, 2015), it makes a lot of sense as hindsight always does.

I wish I could make this up. It's unfortunate. I was not the only one this happened to which is also why the DoD released a new Memorandum to see the Medical Board to right this wrong.

I personally think the main reason we were harassed and hazed the best we can figure is... I did everything by Laws and Orders, but more importantly Army Regulations, and when those failed, I had made contact with my Congressmen, whose names just happened to be heavily involved at those moments in time with what is now the Military Operation and Continuation of Government strategic planning and have been publicly recognized for their efforts.

The Obama Administration had massive cutbacks to the Military as a whole, but a few of us knew how to navigate around the Chain of Command and put in Congressionals to try to stay in the military.

I was severely injured, knees and back requiring extensive rehabilitation and therapy... along with putting in the Congressional Paperwork to be placed into a Warrior Transition Unit (WTU).

But.... Obama had shut down the majority of the WTUs... and always had a “great excuse” by using “declining” numbers of soldier injuries and wounds...

They were declining because he was breaking the back of the military with his major cutbacks. The two wars were still ongoing... no drawdown of soldiers, so, there were still casualties and wounds.

Once it was discovered we were writing letters and sneaking them out via an Ombudsman...

Ombudsman - is an official who is usually appointed by the government or by parliament but with a significant degree of independence. In some countries, an inspector general, citizen advocate or other official may have duties similar to those of a national ombudsman and may also be appointed by a legislature.

That's when things got crazy... even my own Sergeants had no idea where I was and what was going on. A few of us had to sneak around and buy time for each other... lying about our whereabouts and covering for one another.

We would each take turns sneaking to the Ombudsman... and when they say “hurry up and wait” in the military... that ain't a joke. And it doesn't matter how much your life is in danger... hence why “Friendly Fire” is close to a leading cause of death in the military.

The Ombudsman told us...which is on classified files... “we are in grave danger for you and fear for your lives.”

They would physically torture us in ways that would make our injuries worse than what they already were.

They would sit us in rooms, isolated, staring at the wall, all day with our arms behind the chairs and legs folded back...

They would throw anything they could at us... hit us with these items.

They would threaten us with weapons and always snickering and devilishly saying things like:

“You’re a piece of f**king sh*t to the Army...”

“You’re all dead weight to the Military and disgraces to your Country, your Families, and this Army.”

“You’re not worth a .50 cents bullet to your sh*t for brain skulls.”

“You’re a failure to your Nation.”

Our situation got as far as the Sergeant Major... but never to the Lieutenant Colonel...

Well, of course not.

Note: Not everyone in the military was corrupt. Most Officers still kept the balance they could with the power they had or hid things... it was not that if it reached him that he would have participated. Who knows.

This went on for around 6 months... It was hell. We did some God-awful things. My body’s paying for it today.

Perception is not reality. Not all wounds are visible. Many days, I can barely walk. I lose feeling from my waist down if I’m on my feet for more than 20 minutes. Some days it’s hard to get out of bed.

Here’s what Civilians need to know. Sexual Harassment in the Military under the UCMJ isn’t what it’s defined in the Civilian world.

Sexual Harassment in the Military can be using slur words in derogatory forms to degrade someone.

In 2016, Congress granted 45% more prior service members to challenge their discharges from the military, for instance, if they were “forced” out and received a permanent re-entry code (RE-4) as did I.

This means... there were enough cases out there to grant this via Congress. They do not do this for small groups.

“Liberal Consideration” and Discharge Boards:

<https://mvets.law.gmu.edu/2021/04/20/liberal-consideration-and-discharge-review-boards/>

The statute requires “liberal consideration” for two types of cases. These cases are: (1) where the former member “was deployed in support of a contingency operation” and “was diagnosed by a physician, clinical psychologist, or psychiatrist as experiencing a post-traumatic stress disorder or traumatic brain injury as a consequence of that deployment and (2) cases involving “post-traumatic stress disorder or traumatic brain injury as supporting rationale... whose [PTSD] or [TBI] is related to combat or military sexual trauma....”

The DRBS are required to review these types of cases “with liberal consideration to the former member that [PTSD] or [TBI] potentially contributed to the circumstances resulting in the discharge or dismissal or to the original characterization of the member’s discharge or dismissal.”

The Hagel Memo directs DRBs to “exercise caution in weighing evidence of mitigation in cases in which serious misconduct precipitated a discharge...” and that PTSD or PTSD-related conditions “will be considered potential mitigating factors in the misconduct that caused the under other than honorable conditions characterization of service.”

Liberal consideration also means that PTSD as “not a likely cause of premeditated misconduct.”

The Corporation and Mafia is deep. It’s a swamp full of RINOs on both sides of the aisle and many different sectors. It’s being drained.

And what are the odds that all of this happened in 2014?

The same year VP Biden made 7 trips in 7 months to Ukraine...

The same year Obama wrote his Executive Orders for Ukraine...

The same year there was not a normal Election in Ukraine...

The same year “Biden’s” now under-secretary then U.S. Ambassador, Victoria Nuland, said in 2013, the U.S. invested \$5 Billion to bring a “secure and prosperous and democratic Ukraine”...

The same year Nuland secured \$1 Billion in defense budget for Ukraine...

It ALL adds up if you know where to start and simply read...

Obama’s advancement of the Corporations New World Order agenda and how the Military and Trump welded a giant metal bar in the gearbox that can’t turn but has to run out of gas.

First we have to start with Obama’s **Executive Orders** on **Ukraine**:

ORIGIN. ORIGIN. ORIGIN.

Everything you’re watching, seeing, witnessing is a **MIRROR**.

The Military's putting everything on the evil mafia and corporate cronies that tried to reflect this on Trump...

The Deep State never dreamt the Military was going to step in when Trump won in 2016. The Military led that mission. Those 200 plus Generals and their divisions.

The Deep State continued their tactics of distract, create chaos, and divide citizens... but little did they realize who all were behind this Covert Operation... they quickly found out and since January 20, 2017, everything from the years of corruption is now going back on them via LAW and will be displayed to the public in full accordance to the law and in 2023 Tribunals.

This had to be done illegally and visually on their part for the public via law.

Remember...

"We have it all."

"We've caught them all."

"We're draining the swamp!"

"There's a storm coming, wait for it."

"You'll find out soon enough, wait for it."

"The evidence and crimes will be displayed to the world and they will pay for their crimes and it will be done with FULL ACCORDANCE TO THE LAW."

All quotes by President Trump

"The American people will have to experience fear, terror, panic, anxiety, stress, and regret BEFORE they ever appreciate what is ABOUT to take place in this country." -
January 6, 2021, 4-Star General Flynn.

Learning Optics can help you see this Covert Operation.

The Constitution, Military Law, Military Regulations, Executive Orders, Maritime Law, Presidential Acts, Presidential Emergencies, National Emergencies, and the simple Congressional FACT the Senate did not have majority in 2019 shows the ONLY “Nuclear Option” was to release Covid-19 as a undetected Biochemical Weapon to not only distract Americans, but the **world**.

The Military and Trump had it all from the start. Their actions via the highest processes of the Law of the Land prove such. You witnessed and are witnessing it, but didn’t and cannot see it.

You saw “Pelosi” tearing up Trump’s speech behind him... you saw the drama, not the optics via his speech. You saw the protesters during the speech, you didn’t listen to the optics and code language plus everything around those days.

You focused on the “impeachment” instead of Military Law, Military Regulations, Executive Orders, Maritime Law, Presidential Acts, Presidential Emergencies, National Emergencies, and the iconic, historical speeches BUILT around those during that time period.

Ukraine

Where did Ukraine come from? Soviet Union.

Who shares the border with Russia? Ukraine.

Who has not filed for border registration since 1991? Ukraine.

In 2000, on January 25, at the meeting of the Heads of States and governments, Mr. Vladimir Putin was elected Chairman of the Council of Heads of State analyzed the report on the implementation of the interstate program of joint measures for the struggle against organized crime and other dangerous crimes on the territory of CIS Member States for the period until 2000.

At a 2000-2001 June summit in Moscow, the Presidents of the 12 CIS countries adopted a Declaration on Maintaining Strategic Stability.

They also established a joint anti-terrorism center to be based in Moscow, which will be jointly run by Russia and Ukraine.

Treaty Overview:

<https://www.nti.org/education-center/treaties-and-regimes/commonwealth-independent-states-cis/>

Weirdddd. So, why did Putin recently say he will “declare” Ukraine independent if they’re already independent? LOL

Commonwealth Independent States Treaty

<https://www.nti.org/education-center/treaties-and-regimes/commonwealth-independent-states-cis/>

Where is Moscow? Russia.

Ukraine is not an independent state as they’ve claimed.

Ukraine still belongs to Russia.

Before we move further... remember my picture taken on November 9, 2016, Putin ready to work with Trump...

Ukraine is the epicenter of corruption for the political establishment. Victor Pinchuk, George Soros, Ihor Kolomoisky... All funding “deep state” agendas worldwide, all based out of Ukraine. They all have ties to the Clinton foundation and liberal politics in America.

To truly drain the swamp, President Trump would have to tackle the corruption in Ukraine. The oligarchs have funded their own militaries in previous color revolutions.

Trump would not be able to take them down without a fight, he would have to use the Military. And that would have been a media frenzy.

Enter Putin.

It's not a secret that Putin hates Soros. He banned GS from Russia long ago, and it's also no secret that Putin despised the "deep state" tactics of implementing color revolutions to overthrow pro-Russian leaders and install ones that would play the game of the "deep state."

President Trump could not invade Ukraine with US troops. Somebody else would have to do it. Putin doing so, while President Trump was visibly President, would make President Trump look weak and the media would have a field day with that as well.

What better time to clean up the mess in Ukraine than with Biden in office? Kills two birds with one invasion. Make the "Biden Administration" and the mainstream look like fools, all while taking out the "deep state" in one of the most corrupt countries on the planet.

Putin is simultaneously helping Trump serve up red-pills while fixing a problem that benefits us and the rest of the world – the denazification of Ukraine.

All it takes is a little research and listening to Veterans who know Military Law, Regulations, Operations, Code Language, Symbolism, etc.

The street-by-street battle for Sievierodonetsk has become the focus of the conflict [in recent weeks](#), with Russia slowly advancing toward its larger goal to take [full control of the industrial Donbas region](#).

 The last major city still under Ukrainian control in the Luhansk province – which together with neighboring Donetsk makes up the Donbas – has been pummeled by artillery in a back-and-forth fight that remains hard to decipher. Kyiv said a counteroffensive over the weekend had helped its forces regain some ground, but the situation appears to have deteriorated further since then.

First and foremost... you have to understand the corruption of Ukraine.

Then you have to know all of the key players along with Obama's Executive Orders (the President before the Military stepped in) and then know the history of Ukraine and its ORIGIN.

As you'll read below, there's U.S. Military Biochemical Labs in Ukraine (funded by Obama... who was his Vice President?)

Then you have to research the regions.

Luhansk is the easternmost Oblast aka Province.

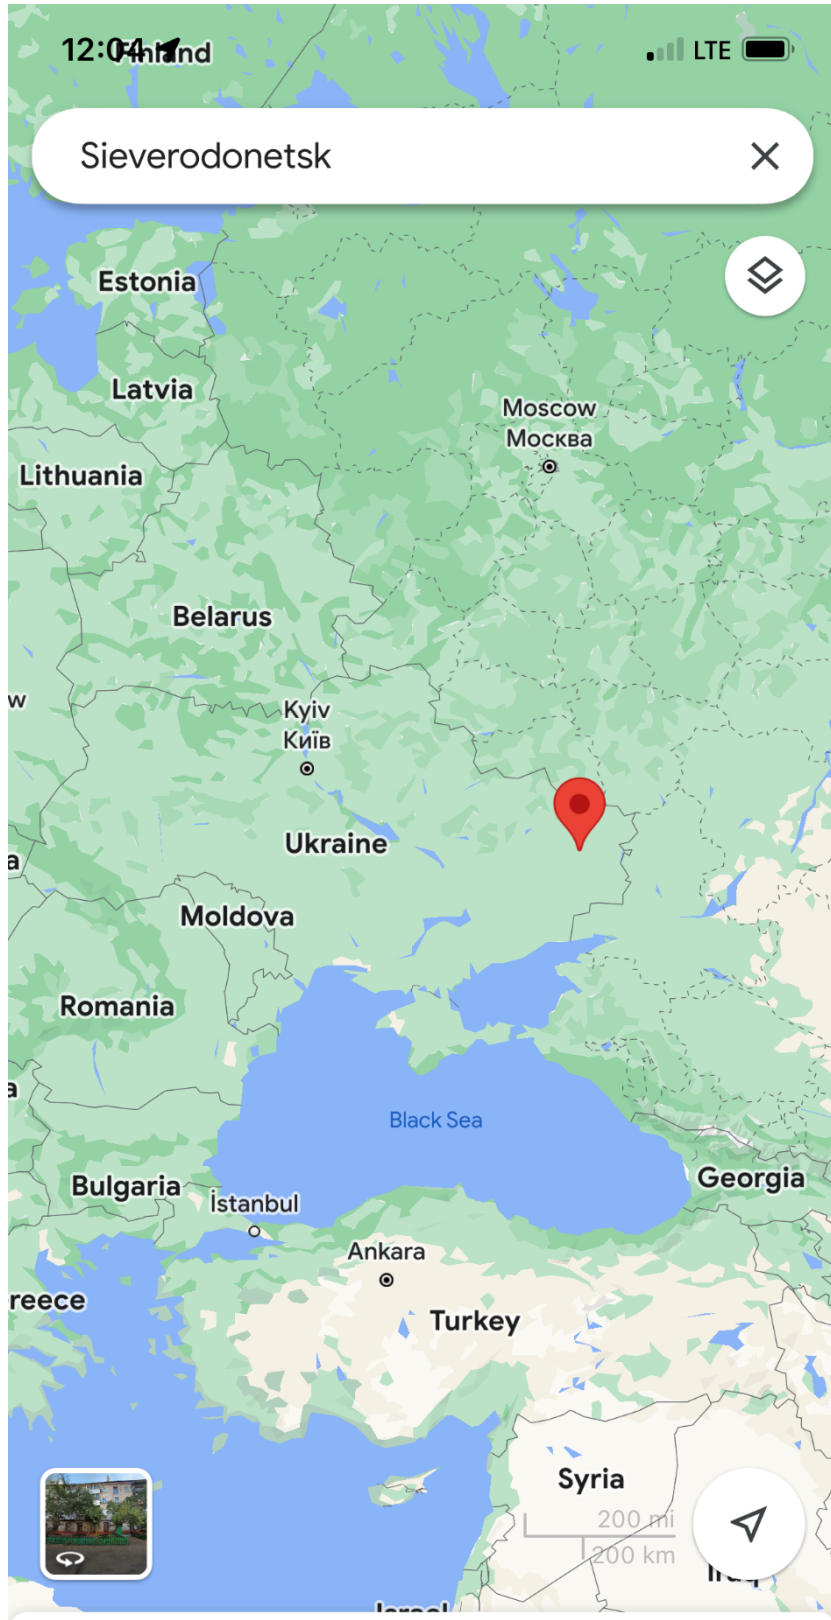

What is in Sievierodonetsk?

Azot - one of the largest chemical plants in Europe.

Economy [\[edit \]](#)

Chemical industries active in Sievierdonetsk include:

- "[Azot](#)" – one of the largest chemical plants in Europe.
 - Khimpostavschik, a private enterprise.
 - Himexele

Severodonetsk

Сєвєродонєцьк

Black smoke and dirt rise from the nearby city of Severodonetsk during battle between Russian and Ukrainian troops in the eastern Ukraine region of Donbas on June 9, 2022. Hundreds of Ukrainian soldiers and civilians are reportedly holed up at a chemical plant in the Luhansk city of Severodonetsk.

With just a little bit of reading the right material and understanding Military Law, Regulations, Operations, Symbols, Language, Terminology, plus the Law the Military and President Trump established from 2017 to 2021 can show you what's taking place...

You'll read more below the lies by media and truth being exposed but just for this one article here's the general synopsis.

And as of today, **June 13, 2022**, the U.S. Department of Defense, admits there's **46** U.S. Military Funded Biochemical Labs in Ukraine.

Department of Defense BioLabs:

<https://www.youtube.com/watch?v=paLmy0Bbh2A>

Those were Obama Administration and Bush Administration funded laboratories.

Who was Obama's Vice President again?

Funny how people quickly forget about comments like Mitt Romney in MARCH...

"Back in March, RINO Senator Mitt Romney accused former Democrat Rep. Tulsi Gabbard of spreading 'treasonous lies' for simply talking about the US-funded biolabs in Ukraine."

"There are 25+ US-funded biolabs in Ukraine which if breached would release and spread deadly pathogens to US/world." Gabbard said on Sunday.

Deadly pathogens? Perhaps... biochemical warfare such as "Covid-19?"

Been telling everyone this for over 3 years now.

Here's more on Ukraine BEFORE June 2022:

“Putin to declare E Ukraine Independent”

Why does Putin have to declare East Ukraine independent if they're already an independent country as the media tells you?

Declaring it independent... why? Because it has been a part of Russia since 1991.

Amazing... and what in the 1871 Corporate U.S. do we have here?

Ukraine has **46 U.S. Military** Biochemical Labs. (Remember: Corporation of States, Obama Executive Orders, and infiltration of evil people; GOOD vs. EVIL).

Opportunities for Enhanced Defense Military and Security Sector Engagement in Global Health Security:

<https://www.ecohealthalliance.org/wp-content/uploads/2021/02/Opportunities-for-Enhanced-Defense-Military-and-Security-Sector-Engagement-in-Global-Health-Security.pdf>

Ukraine was being funded by China and the United States... hence Obama's 3 Executive Orders plus all the evidence you'll read below and read in the Corporate States, all written in U.S. Law since 1871.

Who was it that “impeached” Trump over a phone call with Ukraine President?

Who has and had children working for Ukrainian Oil Companies ESPECIALLY during the “impeachment?”

Joe Biden aka “The Big Guy”

Nancy Pelosi

John Kerry

Mitt Romney

Let’s take a look at who voted for the **May 21, 2022**, \$40 Billion to **Ukraine**:

NEW - Senate votes 86-11 in favor to approve \$40 billion of US taxpayer money for Ukraine.

**11 Republicans voted against the package:
Senators Hawley (MO), Marshall (KS),
Crapo (ID), Braun (IN), Paul (KY), Blackburn
(TN), Hagerty (TN), Lummis (WY),
Boozman (AR), Tuberville (AL), Lee (UT).**

Mitch McConnell

Mitt Romney

Nancy Pelosi

That’s weirdddd.... Mitt and Nancy both have children working for Ukrainian Oil Companies... and both Nancy and Mitch have made trips to Ukraine May 1st and May 14, 2022...

Rand Paul and Tommy Tuberville are both backed by Trump. Interesting. But I don’t know what I’m talking about.

“We’ve caught them all.”

“The evidence and crimes will be displayed to the world and they will pay for their crimes and it will be done with FULL ACCORDANCE TO THE LAW.”

Who was the President of Ukraine during this “impeachment”?

Petro Poroshenko.

When did he leave office?

May 2019.

When did the impeachment trial happen?

January and February 2019.

Who’s the President of Ukraine now? Yeahhhhh not the same Prezi.

WAKE UP.

Also there’s no such thing as “impeaching” a President in the House of Representatives.

Trump was not impeached because the Senate acquitted him. Also proving once again what?

The SENATE democrats had no power therefore they had no “Nuclear Option” **legally**.

The other MAJOR keypoint... saved for this moment after all of those 2014 facts...

Guess who did not have a Presidential Election in 2014?

Ukraine.

So, why were they so invested in this phone call Trump had with the FORMER President of the Ukraine, who at that time, was President?

Perhaps because the SAME President who Obama and Vice President BIDEN dealt with for 8 years... was the same President who BIDEN’s son Hunter worked for one of their Oil Companies making \$150 million a year with... who was the same President that never went through a 2014 Election...

Now, let’s take a gander at what the 2018 Ukrainian President Poroshenko said:

Commonwealth of Independent States (CIS) and terminate parts of a friendship treaty with Russia.

Poroshenko urged the government to present a proposal to lawmakers on Ukraine's full withdrawal from the CIS, which Kyiv has been an associate member of since the group was formed following the collapse of the Soviet Union in 1991.

"Ukraine has never been a [full] member of the CIS and [given] CIS's failure to denounce Russia's aggression [in Ukraine], I would ask that we, together with the government, produce a proposal regarding an official termination of our participation in the statutory organs of the CIS," Poroshenko said at security forum in Kyiv on April 12.

Poroshenko also told the forum that he would propose a draft bill before parliament for "an immediate and unilateral termination of individual articles" of the Treaty of Friendship and Cooperation between Ukraine and Russia that were "incompatible with [Ukraine's] national interests and its right to self-defense."

The President of Ukraine in 2018, on record saying Ukraine is not an independent country... say it ain't so!

Vice President Joe Biden with Ukraine President in 2014

<https://www.youtube.com/watch?v=jylk1h4LLqc>

Waittttt for it.

That video is VERY damning, but also filled with loads of code language.

For example:

3rd trip in the last 7 months

Democratic

Democracy

Parliamentary

25 years ago when the Iron Curtain came down

Border

Illegal Annexation

Monitoring at Border

"Do what you agreed to do Mr. Putin"

Form a new government in days, not weeks

"As long as you keep YOUR commitment"

3rd trip in the last 7 months, but Joe Biden ain't "The Big Guy" that his son Hunter Biden alludes to... yeahhhhhhhh sell that to someone else.

Let's do some math here dropped in the video...

25 years subtracted from 2014 is 1989... Ukraine didn't do anything in 1989... the Soviet Union did. LOL He also pits Russia and Ukraine against each other in today's (2014) terms when the Iron Curtain had nothing to do with Ukraine, because it was a part of the USSR.

Do your research:

https://en.wikipedia.org/wiki/Iron_Curtain

Amazing how he mentions about a **Border** when Ukraine has not filed a Border Registration since 1991. LOL

Monitoring at Border - how can you monitor or defend a border that you have not registered for since 1991? Are you smarter than a 3rd grader yet?

"Do what you agreed to do Mr. Putin" - the capital of Russia is Moscow... which "established a joint anti-terrorism center to be based in Moscow, which will be jointly run by Russia and Ukraine."

I'd say Putin is a good guy for trying to make a joint agreement with a country sharing their border who hasn't filed to be an independent nation since 1991. The territory belongs to Russia. He could have done this long ago... but they didn't have what? *Keep reading* 🕶️🔥

Commonwealth Independent States Treaty

<https://www.nti.org/education-center/treaties-and-regimes/commonwealth-independent-states-cis/>

Supposedly in a Treaty for Independent States yet haven't filed for Border Registration since 1991... the Iron Curtain happened in 1989 folks...

"Mr. Putin" can do what he likes since Ukraine is still Russia. ORIGIN. Who shares a border with Ukraine? Russia. Where did Ukraine come from? Russia. Who has not filed for Border Registration since 1991? Ukraine.

Illegal Annexation... How's something illegal when Ukraine won't legally file for Border Registration? What the average ear hears in this passage in the video is, "Biden" protecting Ukraine as you believe what you've witnessed in the last few months...

What you're actually hearing in 2014... are the protections of his, Romney, Pelosi, and Kerry's, assets with Ukrainian oil companies all their children were working for then and are still working with...

Also signed in 2014, was the Minsk Agreement... which is a total waste of breath, paper, and ALL of those precious taxpayer dollars to fly ole Biden to Ukraine sooo many times in 2014.

All Ukraine had to do after the Soviet Union aka Iron Curtain dissolved was to file for Border Registration and actually become an independent nation paying their dues into NATO... but noooooooooooooooooooooooooooooo it's been the United States floating 75% of NATO defense budget for the past 30 years. And once again, why was "The Big Guy" in Ukraine so much again?

Don't trust me though... trust CNBC:

<https://www.cnbc.com/2018/07/03/nato-spending-2017.html>

Remember again, origin is important.

Form a new government in days, not weeks - the United States took 11 years of Revolutionary War and has been around for 245 years... and 99% of folks will tell a Veteran like myself ALL kinds of things... Yet, ole VP Biden says a government must be formed in DAYS not weeks... must be nice to be a Senator making \$175,000 a year and be worth \$350 million. I need a new financial advisor.

"As long as you keep YOUR commitment" - "we will be with you" - "it's personal"
- What commitment? The way you're in the United States came through the Revolutionary War... is that the hard work Biden is referring to? I'm lost. The way we built our REPUBLIC came through war... we are not a Democracy. We are a Constitutional Republic. What commitment Joe? Pardon me, sorry for my disrespect... allow me to address you by your dignified name... What commitment "Big Guy?"

ONCE AGAIN, Nancy Pelosi, Mitt Romney, John Kerry, and Joe Biden all have and had children working for Ukrainian Oil Companies.

George Soros is a MAJOR player in this game.

Everything with Ukraine and Russia stems long before 2014, but 2014 was epic with the advancement of New World Order with Obama, Soros, Rothschilds, Clintons, Bush's, Biden's, McCain's, and so many more who have been protected by the mafia as long as they played along with the U.S. Corporation.

If you do not believe the United States has been a Corporation VIA U.S. Law since 1871... I cannot help you. But you have more than enough proof.

Here's EVEN more proof from a **2004** article:

*"Funded and organized by the **U.S.** government, deploying **U.S.** consultancies, pollsters, diplomats, the two big American parties and **U.S.** non-government organizations, the campaign was first used in Europe in Belgrade in 2000 to beat Slobodan Milosevic at the ballot box."*

*Officially, the US government spent \$41m (£21.7m) organizing and funding the year-long operation to get rid of Milosevic from October 1999. In **Ukraine**, the figure is said to be around \$14m.*

The Guardian:

<https://www.theguardian.com/world/2004/nov/26/ukraine.usa>

To think that **Ukraine, Russia, NATO** just came out of nowhere shows where most Americans need to be... stuck in your phones and TV's focusing on the next season of Yellowstone, Ozark, the Bachelor and other typical American things... and shutting up and stopping your whining...

*"**The Obama Administration**, and London, not only welcomed the violent coup in **Ukraine** in **2014**, as a means to justify a new **NATO** military mobilization against Russia, but rather, they created it. **Obama** and his spokesmen proudly announced that the **United States** had **financed** and orchestrated the organizations participating in the demonstrations on the public square, the Maidan.*

*Obama's direct agent for the **coup**, Assistant Secretary of State for European and Eurasian Affairs, Victoria Nuland, visited the rioters several times, handing out cookies on the Maidan, while refusing to acknowledge that in addition to peaceful demonstrators concerned about corruption and economic hardships, there were also openly neo-fascist gangs conducting an armed insurrection against the elected government."*

The idea that Trump may end the imperial policy, and join forces with Russia and China, as Franklin Roosevelt did to defeat fascism, in the new paradigm of defeating terrorism, and building infrastructure and agro-industrial advancement for nations throughout the world as part of the New Silk Road process, would mean the end of the very concept of Empire, once and for all.

To prevent this, the British and their assets in the United States, led by Obama and his sponsor George Soros as well as their fellow neocons on the Republican side, will stop at nothing. The American people are increasingly aware of this evil, but must move quickly to expose it and crush it.

Obama and Soros in Ukraine:

<https://archive.schillerinstitute.com/strategic/2017/02/20-soros-dossier/sd.html>

Notice who was working for Obama in **2014**?

That would be... DRUM ROLL PLEASE.... **Undersecretary** currently with “Biden” who served as the [Assistant Secretary of State for European and Eurasian Affairs](#) at the [United States Department of State](#) from 2013 to 2017...

And whooooo was **President** and **Vice President** from 2013 to January 20th, 2017, up ‘til 11:59:59 AM EST?

Read about Victoria Nuland:

https://en.wikipedia.org/wiki/Victoria_Nuland

Check this dime piece out shared earlier in Document, on **March 8, 2022, SAME DATE**, [Nuland](#) admitted Ukraine has Biochemical Labs after “Biden” and “White House” denied they did and Media told you they DEFINITELY **did not**:

Judy Woodruff:

Do you believe they can be in position soon enough to make a difference in this war?

Victoria Nuland:

I don't know what the arrangements are to figure this out.

I would note that the Ukrainian air force has actually not been flying very much, and nor has the Russian air force. They're both afraid of surface-to-air missiles. And what has been most effective in this fight have been these surface-to-air systems that the United States and many of our allies and partners have been getting into Ukraine at high volumes to protect them against not only Russian aircraft, but also Russian tanks and other systems.

Here's another in 2021:

Yet we turn right back around with a double standard... and in the SAME article:

Nuland on Ukraine:

<https://www.pbs.org/newshour/show/undersecretary-of-state-victoria-nuland-on-the-american-nato-response-to-war-in-ukraine>

And we hear her say that the **PENTAGON (GENERALS)** refuse to send United States Jets to Ukraine... which is true.

Pentagon rejects Poland's (NATO member):

<https://abcnews.go.com/Politics/pentagon-rejects-polands-plan-make-us-provide-ukraine/story?id=83324397>

Yet IN THE SAME FREAKIN' conversation on the PBS article says the United States equipped Ukraine with Air and Missile Defense systems aka surface-to-air missiles...

Imagine that... What was my MOS in the Army? Air and Missile Defense.

Imagine that...

What happened with Benghazi, Libya, also documented in Obama's Executive Orders... the United States sold Stinger Missiles to Libyan guerrillas making it impossible to send in rescue missions to save our Americans at the Embassy.

You should be able to appreciate this article **May 21, 2022** from **MSN**:

Noooooo crapppppppppp. I wonder why?

Maybeeeeeeee because Ukraine hasn't filed Border Registration since 1991... only two years after the fall of the USSR, and they signed a joint military agreement with Russia then opted out of the CIS Treaty in 2018 and STILL are NOT independent from Russia...

Now watch the video of **Joe Biden** again in **2014**...

Vice President Joe Biden with Ukraine President in 2014

<https://www.youtube.com/watch?v=jylk1h4LLqc>

Seeeee why you must know the ORIGIN of everything? That video is 2014, 8 years ago... and here you are thinking Ukraine just happened. Nowwww you know why the Ukraine Phone Call "impeachment" of Trump meant so much to the players involved.

"We've caught them all."

"We've got it all."

"The evidence and crimes will be shown to the public in full accordance to the law."

Trump knew "caught them all" and "we have it all" from 2012 moving forward... not 2019.

What do you think "drain the Swamp" actually meant?

The Durham Report, along with Sessions, Huber, Grassley, Goodlatte, and many more White Hat Operatives, along with Military Tribunals in 2023 are going to put on public display the Crimes of Humanity, Treason, and Fraud, by Biden and family, Bush Sr. and Jr. and family, Obama and family, Hillary, Bill, and family, and many, many more. Wait for it. It's coming!

If you quit on Sessions, Huber, Grassley, Goodlatte, and General Flynn, you're a quitter and should be ashamed.

If you quit on Trump and haven't listened to guys like me... you should also be ashamed. Not sorry.

This is a LOT bigger than just "Trump," "Trump 2024," and "Trump Train" etc.

Wait for it. It's coming!

Covid-19, better known as kill you and your families, was their only option left... their "Nuclear Option."

Why do you think the Military makes all of us train and experience 'The Gas Chamber'? Do you think they do that for giggles to make us experience the most horrible death known to man?

Do you not understand what a **Biochemical Weapon** is? Do you not understand **Biochemical Warfare**?

Ukraine terminates Treaty:

<https://www.rferl.org/a/ukraine-announces-plans-to-quit-cis-terminate-parts-of-friendship-treaty-with-russia/29161689.html>

Ukraine has been fighting against Russia-backed separatists in the eastern regions of Donetsk and Luhansk since April **2014**, after Russia seized control of Ukraine's Crimean Peninsula.

The conflict has left more than 10,300 people dead and some 1.6 million people displaced.

Where were your Facebook Ukrainian flags from 2014 to 2021?

This is why it's important to know the ORIGIN. The origin of this is...

Ukraine has **not** filed for Border Registration with the United Nations since 1991... therefore it cannot terminate a Treaty it did not sign.

Politico News...

<https://www.politico.com/news/magazine/2022/02/06/ukraine-russia-not-same-country-putin-ussr-00005461>

Politico "News" in their very headline has a CONTRADICTION.

"Sorry Mr. Putin, Russia and Ukraine are NOT the same country."

Politico for the win! Proving our point... LOL

So, why did President Obama say this:

"Any person or organization that threatens the territorial integrity of Ukraine, or questions the legitimacy of the governing junta in Kiev, constitutes a threat to U.S. National Security and foreign policy and will be placed under sanctions."

First off, how does Ukraine pose a threat to United States National Security? LOL

Are you smarter than a 3rd grader yet?

Ukraine without Borders:

https://www.opednews.com/articles/Ukraine-without-Borders-S-by-George-Elias-on-Cultural-Genocide_Genocide_Genocide_Hate-Groups-Neo-Nazis-140415-286.html

Executive Order:

<https://obamawhitehouse.archives.gov/the-press-office/2014/03/06/executive-order-blocking-property-certain-persons-contributing-situation>

So, literally, just in **2014**, Ukraine was without borders. In articles above, they claim Ukraine 'left the CIS Treaty in 2018' yet in multiple credible sources above, Ukraine has not filed for Border Registration since 1991...

And here's "Biden" with the President of Ukraine... Awwhhh you know, the same President of Ukraine Trump had the "impeachment" phone call with about "the Big Man," as Hunter Biden called Daddy Joe.

VP Biden in 2014 with Ukraine President:

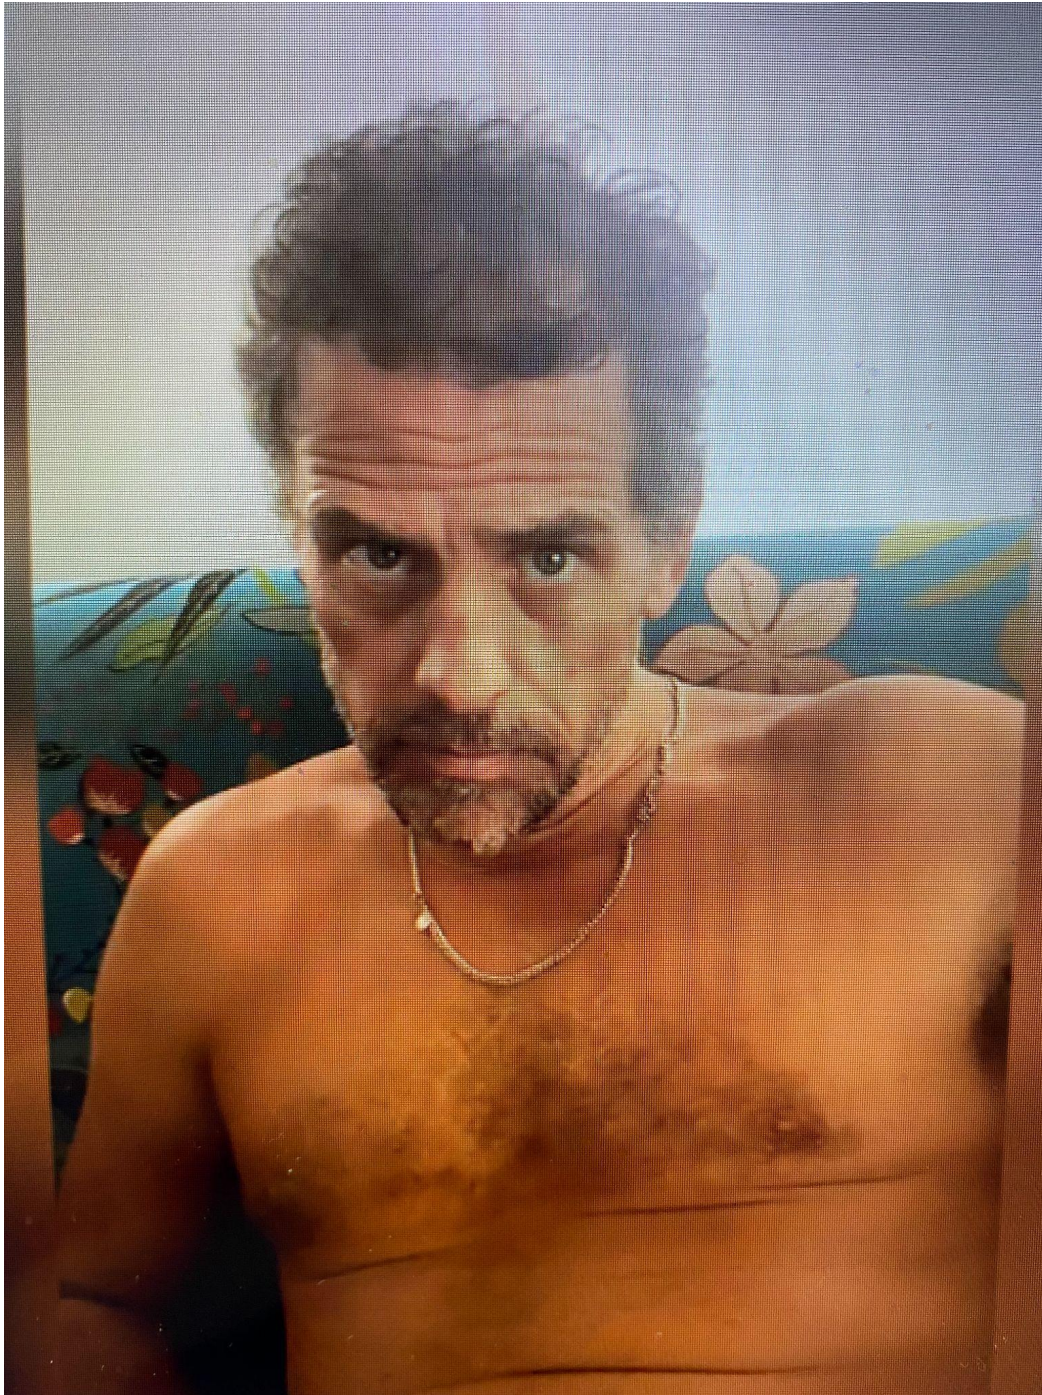

<https://www.youtube.com/watch?v=jylk1h4LLqc>

Weird... Trump had a phone call with the NEW President of Ukraine, current President Zelesnky, in July 2019... who was not the President during 2014. Zelensky is a Trump Operative who's "doing the dance" as they say. Blending in. You'll see someday soon.

There was actually a President in between Zelensky and 2014 **LOLOLOL**.

No wonder the Libtards wanted to "impeach" Trump on a perfectly good and legal phone call... because it wasn't the same President.

You're welcome in advance.

You're welcome again.

Here's what the Media won't show you. It's not a secret.

Funny how there's United States BioLabs in Ukraine:

And these below... many of us have before they deleted.

Let's look at the Optics from 2022. Here's why "Biden" isn't anywhere near D.C.:

Newsweek March 8:

New York Post:

As you see ole Hunter... I'm gonna call him "the Little Guy" since Pappy Joe is the "Big Guy" lookin' all studly for you ladies as you saw above.

They tell you the truth without '*telling you*' the truth... 'know what I mean Vern?'

Just real quick... how can y'all not see this is not the same Joe... Do you really believe age from 73 to 78 changes your chin, smile structure, eyes, and earlobes?

Here's how the current Media depicts it... because they have to show their allegiance from 2016 to November 3, 2020:

March 8, 2022, Undersecretary of State for Political Affairs, U.S. Department of State, Victoria Nuland, says Ukraine has “biological research facilities:”
https://twitter.com/dgaytandzhieva/status/1501361352551673862?ref_src=twsrc%5Etfw%7Ctwcamp%5Etweetembed%7Ctwterm%5E1501361352551673862%7Ctwgr%5E%7Ctwcon%5Es1_c10&ref_url=https%3A%2F%2Fwearechange.org%2Fu-s-funded-biolabs-in-ukraine-what-youre-not-being-told%2F

Secretary of State acknowledges BioLabs in Ukraine:

March 9, 2022:

<https://www.state.gov/the-kremlins-allegations-of-chemical-and-biological-weapons-laboratories-in-ukraine/>

“The Kremlin is intentionally spreading outright lies that the United States and Ukraine are conducting chemical and biological weapons activities in Ukraine.”

“As we have said all along, Russia is inventing false pretexts in an attempt to justify its own horrific actions in Ukraine.”

How is Russia making false pretexts when Ukraine has not filed for Border Registration since 1991...? Therefore making Ukraine, still a part of Russia.

“What are the Ukraine ‘Biolabs’:

<https://www.yahoo.com/now/ukraine-biolabs-why-become-focus-202159944.html>

“The US government has admitted there are a number of such facilities in Ukraine funded by Washington that do research on deadly pathogens, albeit from a preventative perspective rather than to create a weapon.”

Sooooooooooooooooooooo, we went from there aren't any 'Biolabs' in Ukraine to there are, but they aren't for weapons...

Are there or are there not BioLabs in Ukraine?

There are? Okay.... What's the origin?

“Spokesperson for the Chinese Foreign Ministry, Zhao Lijian, said, “In particular, the US, as the party that knows these laboratories the best, should publish relevant specific details as soon as possible, including the types of pathogens stored and the research conducted,” in order to ensure the “health and safety of people in Ukraine, the surrounding areas and even around the world.”

“Details about the biological weapons facilities in Ukraine were reported by the Russian Defense Ministry on March 6 when Major General Igor Konashenkov alleged that pathogens for deadly diseases for biological warfare were being created in Ukrainian labs that were funded by the Pentagon.”

Do you understand how dangerous this is for all people in China, Ukraine, Russia, and the United States...

This is why it's important to understand Good versus Evil is the Corporation Executives and Cronies who created this... it's been happening since 1871.

There's good people in every country all over the world. This is so hard to get Americans to understand. Most Americans are spoiled, entitled, lazy, 'educated' yet unintelligent, and care more about some male whore giving 25 women a rose on a fake TV show, when the next season of Yellowstone is coming out, and stuck on social media, and as the Johnny Cash song, "Oney," talks about... you've become SOFT... and do not even know the simplicities of WHY you're here in the United States of America, her origin, her foundation, her LAWS and ORDER of those LAWS.

For example, nobody questioned, Mr. Obama, why he wrote Executive Orders in regards to Ukraine, and what did he mean when he told the former Russian President to transmit something to President Putin?

How quickly y'all Monday Morning Quarterback experts on Ukraine forget.

President Obama was running for re-election in March 2012, when a live microphone picked up his whispered conversation with then-Russian President Dmitry Medvedev.

*Obama told Medvedev it was important for incoming President Vladimir Putin to "give me space" on **missile defense** and other difficult issues and that after the 2012 presidential election he would have "more flexibility." Medvedev said he would "transmit" the message to Putin.*

"On all these issues, but particularly missile defense, this can be solved, but it's important for him to give me space," Obama told Medvedev at a gathering in Seoul, South Korea.

"Yeah, I understand," said Medvedev, who was about to be replaced by Putin as Russian president. "I understand your message about space. Space for you--"

"This is my last election," Obama said. "After my election I have more flexibility."

"I understand," Medvedev said. "I will transmit this information to Vladimir."

Missile Defense... odddddddddddd. What was my MOS in the Military?

Whatttt are the odds that the unit immediately before me was the **same** unit in Benghazi, Libya?

Obama also wrote Executive Orders for Libya. As well as selling all of our Stinger Missiles to the enemy...

Obama EO 2011:

<https://obamawhitehouse.archives.gov/the-press-office/2011/02/25/executive-order-13566-libya>

- Which was before Benghazi

Obama EO 2016:

<https://obamawhitehouse.archives.gov/the-press-office/2016/04/19/executive-order-blocking-property-and-suspending-entry-united-states>

Which is why Hillary's comment: "What can we do about it now anyways?" Well, it's actually a true comment... since EXPERT FIGHTER PILOTS cannot outrun a stinger missile... so therefore, we could not send in any units to save our guys at the Embassy with rescue missions in HELICOPTERS.

Yes, it's personal.

Ukraine is not a NATO member but has a promise dating from 2008 that it will eventually get to join. Since toppling a pro-Russian president in 2014, it has become closer politically to the West, staged joint military exercises with NATO and taken delivery of weapons including U.S. Javelin anti-tank missiles and Turkish drones. Kyiv and Washington see these as legitimate moves to bolster Ukraine's defence after Russia seized the Crimea region in 2014 and provided backing to separatists who are still fighting government forces in eastern Ukraine. Putin says Ukraine's growing ties with the alliance could make it a launchpad for NATO missiles targeted at Russia. He says Russia needs to lay down "red lines" to prevent that.

Russia rejects Ukrainian and U.S. suspicions it may be preparing an invasion of Ukraine, saying it is responding to threats and provocations. It wants security guarantees from the West including the rescinding of NATO's membership promise to Kyiv - something Washington has called a non-starter.

What's actually going on in Ukraine?

If you had been paying attention from 2016, you could have seen. You don't need clearance for knowing Law and Order.

All you need is a brain and some initiative to learn.

In 2019, the US Department of Defense established two Biosafety Level 2 laboratories for Ukraine in Kiev and Odessa. Both areas are currently under attack by Russian missiles and artillery fire. Rumor has it that the lab has been compromised

Remember my picture of Trump and Putin on November 9, 2016... “I’m ready to work with Trump on the Reset.”

You know why he said he was ready? Because the Military took control of this Nation in 2017, Trump was just the frontman for the leadership role.

The Military via Trump is making everyone show their crimes to the world.

Russia is destroying Biochemical Labs from the United States Corporation prior to Trump taking office in 2017... hence Obama’s Executive Orders tying the United States National Security with Ukraine... remember whose children were working for Oil Companies in Ukraine and who tried to impeach Trump over a Constitutional duty?

Everything from 2016 prior, Obama, Biden, Romney, Kerry, Pelosi, all ties to Ukraine and Russia.

“There’s a storm coming... wait for it.” - October 2017, Trump

IF Americans from that 234 million number actually knew something about the Constitution, y’all would have known that the phone call Trump had with the President of Ukraine was perfectly fine.

IF Americans from that 234 million number actually knew something about the Constitution, y’all would have known that phone call was perfectly fine.

All the tools you need are in the Constitution, Military Law, Executive Orders, tying those in with Presidential Emergencies, Presidential Acts, National Emergencies, along with learning optic and code words.

Because you could have ALSO known that the **US Embassy Biological Threat Reduction Program**

Nonprofit Watchdog Uncovers \$350 Million In Secret Payments To Fauci, Collins, Others At NIH

By [Truth Press](#) Published 3 hours ago

An estimated \$350 million in undisclosed royalties were paid to the National Institutes of Health (NIH) and hundreds of its scientists, including the agency's recently departed director, Dr. Francis Collins, and Dr. Anthony Fauci, according to a nonprofit government watchdog.

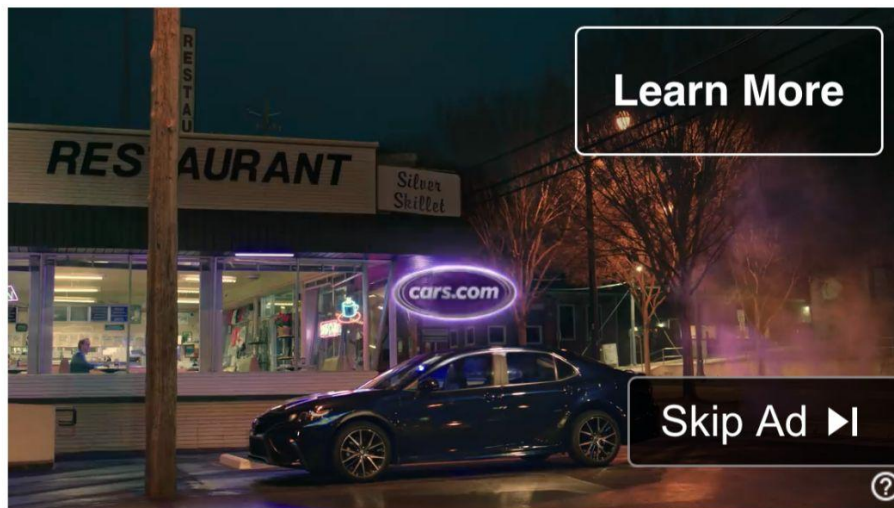

An estimated \$350 million in undisclosed royalties were paid to the National Institutes of Health (NIH) and hundreds of its scientists, including the agency's recently departed director, Dr. Francis Collins, and Dr. Anthony Fauci, according to a nonprofit government watchdog.

"We estimate that up to \$350 million in royalties from third parties were paid to NIH scientists during the fiscal years between 2010 and 2020," [Open the Books](#) CEO Adam Andrzejewski told reporters in a telephone news conference on May 9.

“We draw that conclusion because, in the first five years, there has been \$134 million that we have been able to quantify of top-line numbers that flowed from third-party payers, meaning pharmaceutical companies or other payers, to NIH scientists.”

The first five years, from 2010 to 2014, constitute 40 percent of the total, he said.

“We now know that there are 1,675 scientists that received payments during that period, at least one payment. In fiscal year 2014, for instance, \$36 million was paid out and that is on average \$21,100 per scientist,” Andrzejewski said.

“We also find that during this period, leadership at NIH was involved in receiving third-party payments. For instance, Francis Collins, the immediate past director of NIH, received 14 payments. Dr. Anthony Fauci received 23 payments and his deputy, Clifford

“We also find that during this period, leadership at NIH was involved in receiving third-party payments. For instance, Francis Collins, the immediate past director of NIH, received 14 payments. Dr. Anthony Fauci received 23 payments and his deputy, Clifford Lane, received eight payments.”

Collins resigned as NIH director in December 2021 after 12 years of leading the world’s largest public health agency. Fauci is the longtime head of NIH’s National Institute for Allergies and Infectious Diseases (NIAID), as well as chief medical adviser to President Joe Biden. Lane is the deputy director of NIAID, under Fauci.

The top five NIH employees measured in terms of the number of royalty payments that they received while on the government payroll, according to a fact sheet published by Open the Books, include Robert Gallo, National Cancer Institute, 271 payments; Ira Pastan, National Cancer Institute, 250 payments; Mikulas Popovic, National Cancer Institute, 191 payments; Flossie Wong-Staal, National Cancer Institute, 190 payments; and Mangalasseril Sarnqadharan, National Cancer Institute, 188

Remember when Trump said to “follow the money?”

Here’s Dr. Fauci on C-SPAN in 2004

FOLLOW THE MONEY!

Now apply what he looked like as Trump and Military made he (along with many, many more) show their allegiance to the United States Corporation.

Remember... the Military’s making EVIL show their CRIMES of Crimes Against Humanity, Treason, and Fraud TO THE WORLD as Trump said:

“The evidence and crimes will be shown to the public in FULL ACCORDANCE TO THE LAW.”

Sooooooooooooo UKRAINE is supposed to be the Victim to Russia... which would make Ukraine a “**No Fly Zone**”...

Not to mention the world would be seeing all kinds of videos from citizens of Ukraine, refugees, and destruction...

Yet, **May 1, 2022**, Speaker of the House Nancy Pelosi and traitor Republican Mitch McConnell can fly to Ukraine and walk around smiling in the calm capitol city of Kyiv?

Keep in mind, Zelensky is a White Hat Operative.

Those smiles thoooo.... Soooo happy! President Zelensky is a White Hat Operative (good guy); he was an Actor before President. Look it up.

They look terrified at all of the destruction and WAR going on! hahahaha

May 14, 2022... ALL SMILES! Say cheeeeeeseeee aka Gitmooooooooo!

Skinny jeans, high heels, and smiles in a “WAR ZONE” hahahaha

Adam Schiff with the appearance as well.... Freakin’ beautiful.

The **mirror effect** is be-yu-tee-ful.

Such a scaryyyyy place to be... they got time to take pics for social media and smile during a “War” LOL

Once again, keep in mind, Zelensky is a White Hat Operative. He is playing along. This is all a script.

They are still a PART of RUSSIA... LOLOLOL

NATO is not good either.

You're seeing their crimes displayed for public view which is needed for the Military to visually ACT and make arrests plus have evidence to convict due to U.S. Codes and the Constitution which is the Highest Law in the Land.

Trump via Military Covert Operation from 2012 planning to 2016 action to 2017 to 2021 legislation and laws, called out NATO and made peace deals with countries we've never had peace with and those countries were given a choice to be a part of this Biblical, Monumental, Historical Operation, OR be exposed to the world for their crimes against their people for many years.

You see... the Media has to **ILLEGALLY VISUALLY** show the side of the line they chose as well.

Washington – The House is expected to vote on a bill to provide \$39.8 billion in aid to Ukraine on Tuesday night, with just days to go before President Biden says his authority to fund military supplies to help fend off Russian aggression runs dry.

House Appropriations Committee Chair Rosa DeLauro introduced the supplemental bill Tuesday afternoon. The bill provides significantly more military and humanitarian aid than the \$33 billion the president requested and is expected to pass in the Democratic-controlled House.

"This monumental package of security, economic and humanitarian aid will be on the Floor tonight, where we hope to secure a strong bipartisan vote," House Speaker Nancy Pelosi said in a letter to Democrats on Tuesday. "Time is of the essence – and we cannot afford to wait. With this aid package, America sends a resounding message to the world of our unwavering determination to stand with the courageous people of Ukraine until victory is won."

DeLauro said Congress has a "moral responsibility to deliver this support to help end the grievous loss of life, hold Putin and his cronies accountable, and protect global democracy."

In addition to \$6 billion for security assistance like training and weapons, the legislation includes \$8.7 billion to replenish U.S. stocks of equipment sent to Ukraine and \$3.9 billion for mission and intelligence support. The bill also provides \$2 million for technical and regulatory support to Ukraine's nuclear regulatory agency, and more than \$5 billion to address food insecurity because of the conflict. Another \$900 million would go towards helping Ukrainian refugees and arrivals with housing and other support.

The White House hopes the aid will provide sufficient support for Ukraine through September, the end of the fiscal year.

The bill includes an increase in presidential drawdown authority funding from the \$5 billion the Biden administration originally requested to \$11 billion. Presidential drawdown authority funding allows the administration to send military equipment and weapons to Ukraine from US stocks.

The bill also provides \$6 billion in Ukraine Security Assistance Initiative funding, another way the Biden administration has been providing Ukraine with military assistance. The funding allows the administration to buy weapons from contractors and then provide those weapons to Ukraine, and as a result does not draw directly from US stocks.

What did President Trump sign November 12, 2020?

Executive Order 13959.

Anyone who uses US Stocks and Funds to illegally aid the Chinese Communist Party, assets will be frozen effective immediately after January 11, 2021, 9:30 AM EST.

Here's an article on March 9th via STATE.GOV that Russia's spreading lies, yet, the day AFTER the Undersecretary of State admits the United States has Biochemical Labs in Ukraine?

LOLOLOLOLOLOLOLOLOLOLOLOLOLOLOLOLO

March 9, 2022:

<https://www.state.gov/the-kremlins-allegations-of-chemical-and-biological-weapons-laboratories-in-ukraine/>

*“The Kremlin is **intentionally spreading outright lies** that the United States and Ukraine are conducting chemical and biological weapons activities in Ukraine.”*

“As we have said all along, Russia is inventing false pretexts in an attempt to justify its own horrific actions in Ukraine.”

“What are the Ukraine ‘Biolabs’:

<https://www.yahoo.com/now/ukraine-biolabs-why-become-focus-202159944.html>

“The US government has admitted there are a number of such facilities in Ukraine funded by Washington that do research on deadly pathogens, albeit from a preventative perspective rather than to create a weapon.”

Sooooooooooooooooooooo, we went from there aren't any 'Biolabs' in Ukraine to there are some, but they aren't for weapons...

Are there or are there not BioLabs in Ukraine?

There are? Yess.

Okay... What's the origin?

“Spokesperson for the Chinese Foreign Ministry, Zhao Lijian, said, “In particular, the US, as the party that knows these laboratories the best, should publish relevant specific details as soon as possible, including the types of pathogens stored and the research conducted,” in order to ensure the “health and safety of people in Ukraine, the surrounding areas and even around the world.”

“Details about the biological weapons facilities in Ukraine were reported by the Russian Defense Ministry on March 6 when Major General Igor Konashenkov alleged that pathogens for deadly diseases for biological warfare were being created in Ukrainian labs that were funded by the Pentagon.”

It's so easy a 3rd grader can figure this out.

Remind me again... what President was against NATO?

And as of today, **June 13, 2022**, the U.S. Department of Defense, admits there's **46** U.S. Military Funded Biochemical Labs in Ukraine.

Department of Defense BioLabs:

<https://www.youtube.com/watch?v=paLmy0Bbh2A>

Those were Obama Administration and Bush Administration funded laboratories.

Who was Obama's Vice President again?

Funny how people quickly forget about comments like Mitt Romney in **MARCH**...

"Back in March, RINO Senator Mitt Romney accused former Democrat Rep. Tulsi Gabbard of spreading 'treasonous lies' for simply talking about the US-funded biolabs in Ukraine."

"There are 25+ US-funded biolabs in Ukraine which if breached would release and spread deadly pathogens to US/world." Gabbard said on Sunday.

Deadly pathogens? Perhaps... biochemical warfare such as "Covid-19?"

The irony... the same time ole Mitty was saying there wasn't... Undersecretary Victoria Nuland admitted there were.

Now, do you see who's taking up for who?

There's certain media who are forced to show their cards because of who they are and their choice before November 3, 2020, the same with the players involved.

Oh but don't listen to us Veterans who have been knowing and trying to tell everyone for years...

Myself alone have been telling people this **plan** and script for **over three years**...

I've also told and shown multiple people the TWO pictures Media used during the whole "Afghanistan Pullout" was fake too.

But nooooooooooooooooooooooooooooo....

"My "----" said it was real."

Your “----” made a 31 on the ASVAB.

And that’s why a MAJORITY of Americans look like ‘educated’ fools with the “let’s go Brandon” chants and the cute little sticker on the gas pumps too.

Funny how that “----” never told you this...

You have not seen any live footage from “**refugees**” via “Biden” or mainstream news.

Such as the ONE picture and ONE video of the C-17 Globemaster with “refugees” surrounding it in “Afghanistan” last year...

That C-17 was not in Afghanistan.

You now have **ZERO** excuses not to know.

Now, let’s tie ALL of the above in with:

The P-8 Poseidon.
The “Doomsday.”
The “Nightwatch.”
The C-130 “Hercules.”
The E-8 Joint STARS.
The P-3 Orion.

The **P-8 Poseidon** is a Maritime Patrol Plane. There were 7 flying June 16, 2022, in Alabama, Georgia, Florida, Washington, and off the coast of Florida in International Waters.

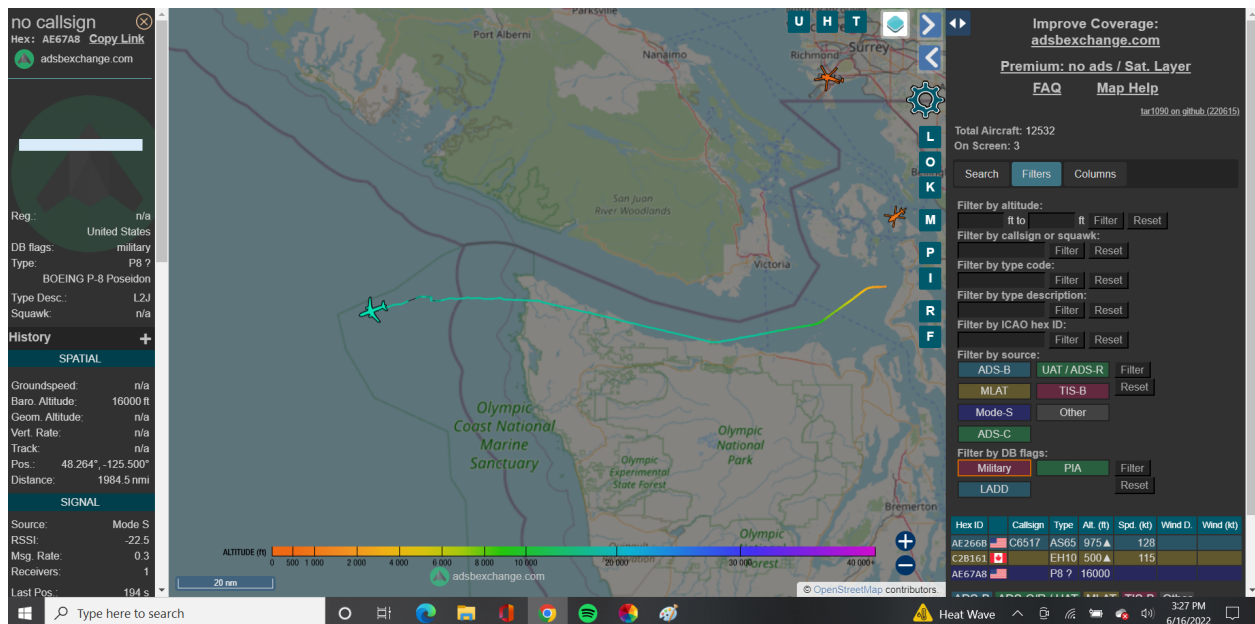

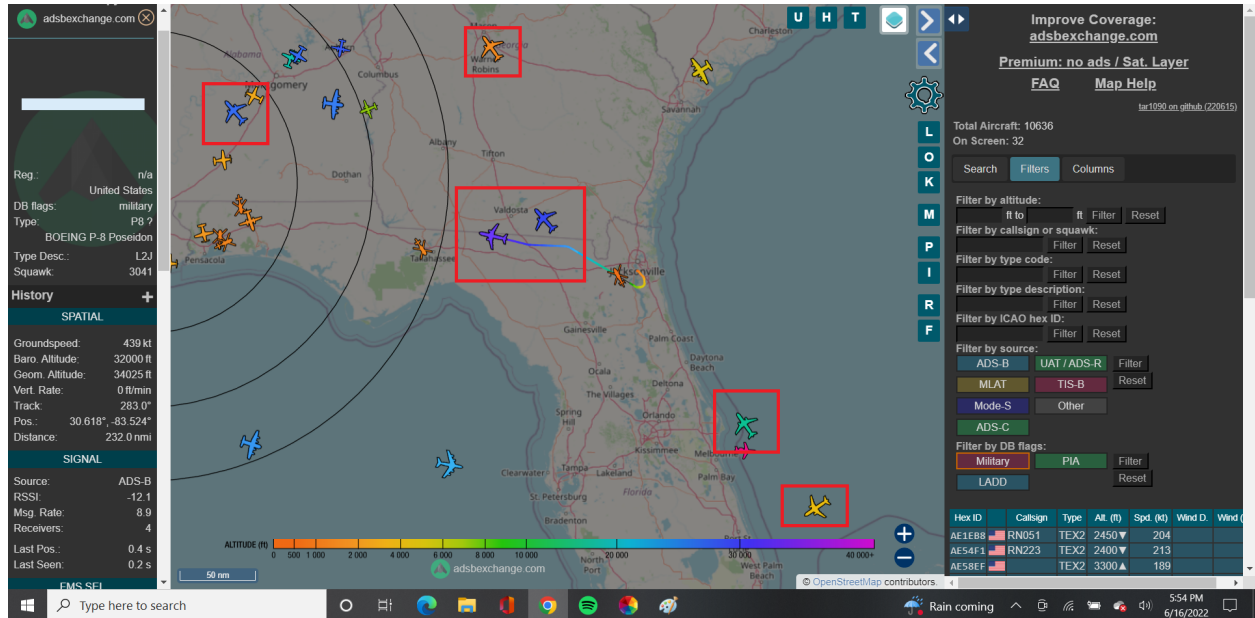

The **P-8 Poseidon** is an American [maritime patrol and reconnaissance aircraft](#). It operates in the anti-submarine warfare (ASW), anti-surface warfare (ASUW), and intelligence, surveillance and reconnaissance (ISR) roles.

It is armed with torpedoes, Harpoon anti-ship missiles, and other weapons, can drop and monitor sonobuoys, and can operate in conjunction with other assets, including the Northrop Grumman MQ-4C Triton maritime surveillance unmanned aerial vehicle (UAV).

The P-8 Poseidon:

https://en.wikipedia.org/wiki/Boeing_P-8_Poseidon

June 16, 2022:

That first faint Gray Line is the **Maritime Line** for the state of Washington.

The dark Gray Line is the **Maritime Line** for the United States.

This is why **Maritime Law** is very important in this Covert Operation.

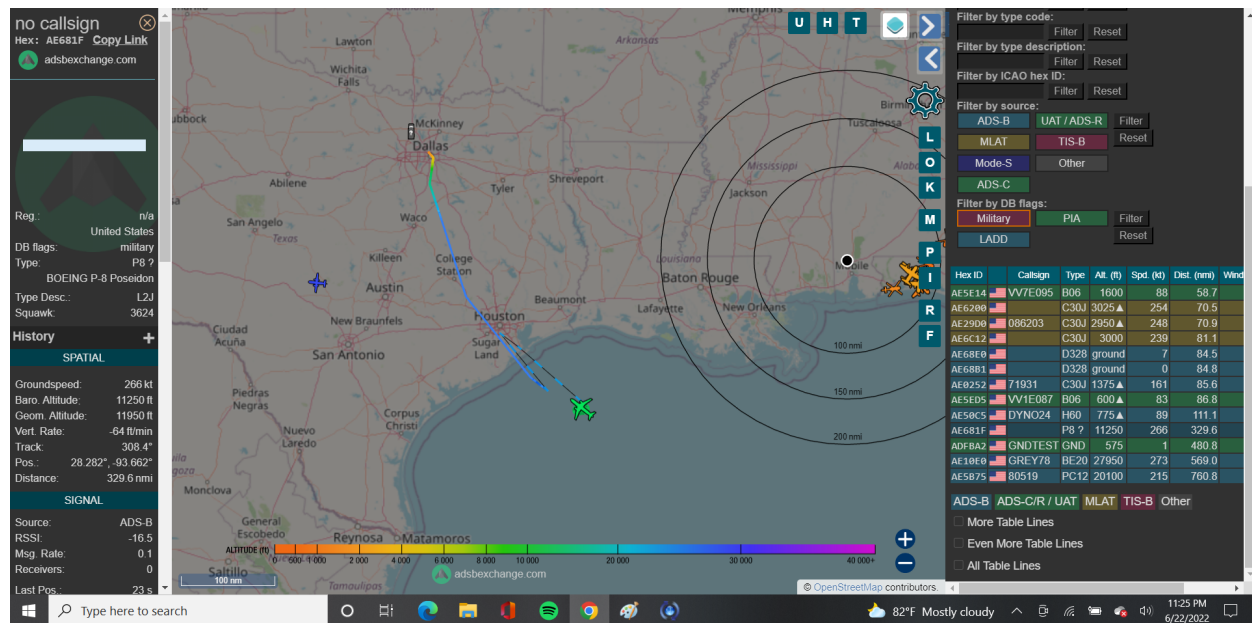

This is the best short video to explain the two, while also showing most Americans, what you think you know or knew, isn't.

Admiralty Law explained:

<https://www.youtube.com/watch?v=-WYNukOeeDY>

Maritime Law:

<https://www.youtube.com/watch?v=Hl17DPgXTok>

June 22, 2022, P-8 Poseidon

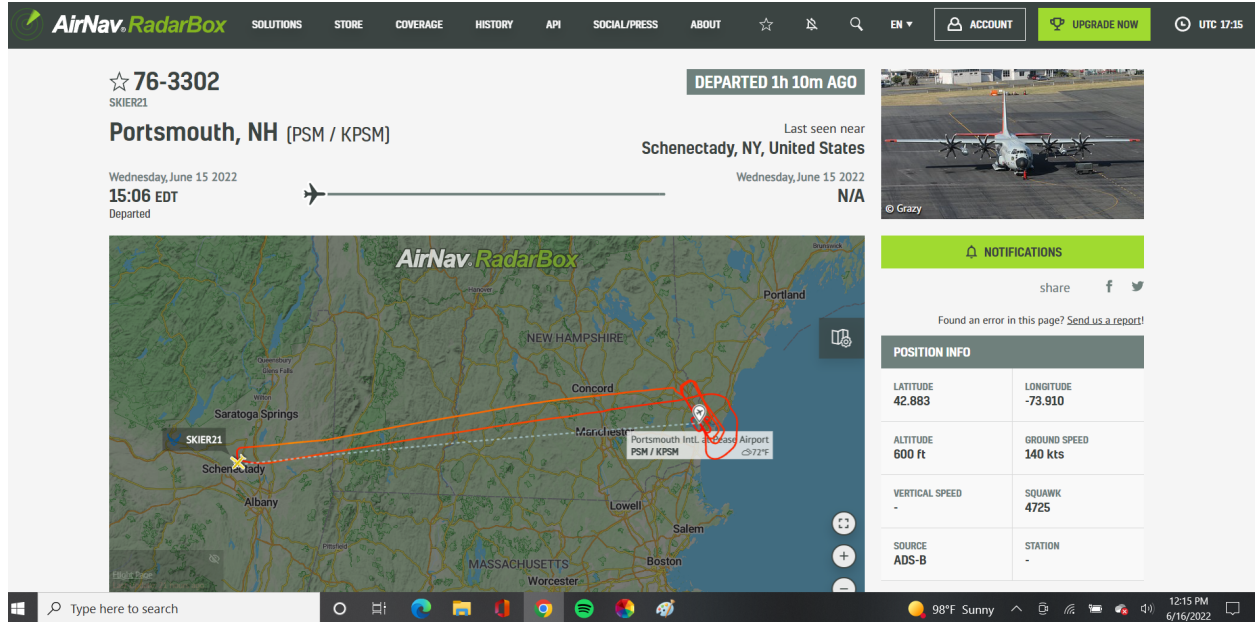

In **Executive Order 13848** (as you read in Part One), that's why it's so brilliant, epic, monumental, and historic, that President Trump (via Military), wrote in a **2018** Order... that **Maritime Law** would activate on **November 3, 2020**, amongst all of the other Laws he passed as well as the National and Presidential Emergencies and their processes.

These Maritime Aircrafts all cost over \$100,000 per hour to operate.

There's International Laws, Military Laws, U.S. Laws, and Federal Aviation Laws around those borders.

It's very vital to what's taking place in this massive Covert Operation and who's in control... The Military.

Hence why it's very important to understand that this **C-130 Hercules** on **June 15, 2022**, was operating in Military Law and Maritime Law.

That Hercules, call sign 76-3302, belongs to the New York **Air National Guard**.

The **ONLY** way the National Guard can operate across state borders... they **MUST** be activated by the:

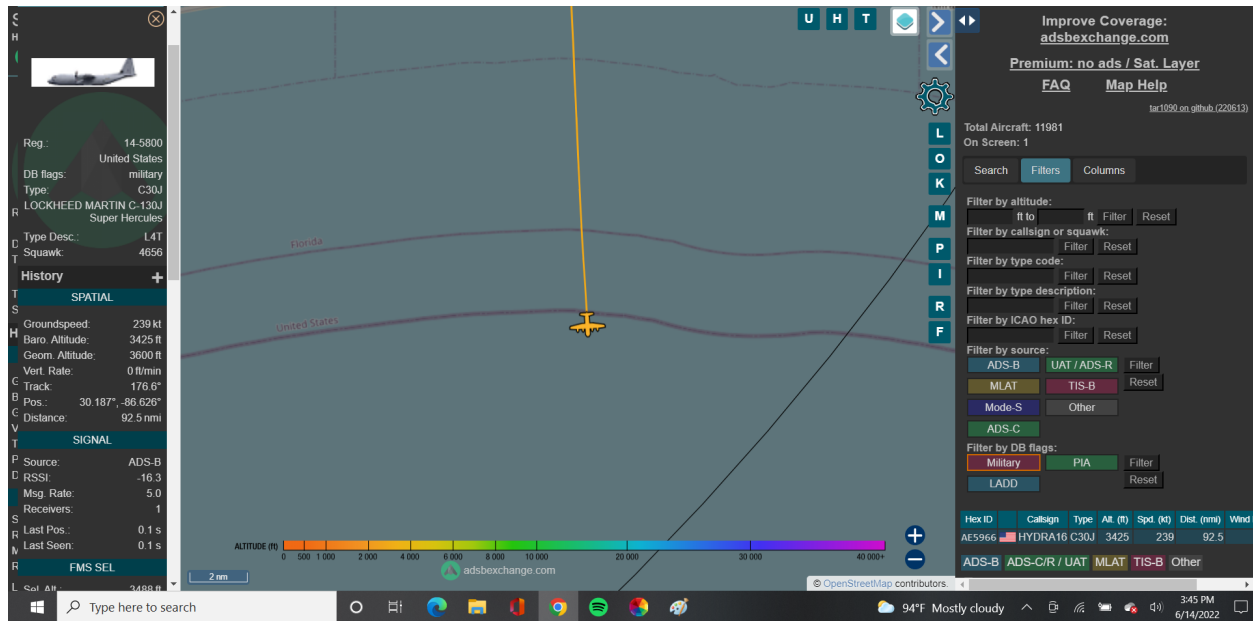

PRESIDENT of the United States.

The **National Guard** were activated to Federal Duty on January 6, 2021, along with the **Executive Order 13919** from April 2020, that authorized the Secretary of Defense to authorize Reserve Components of Military to Federal Duty.

All of which symbolized President Trump invoking the Insurrection Act of 1807 and all of which extended his Powers as President under the Articles of the Constitution.

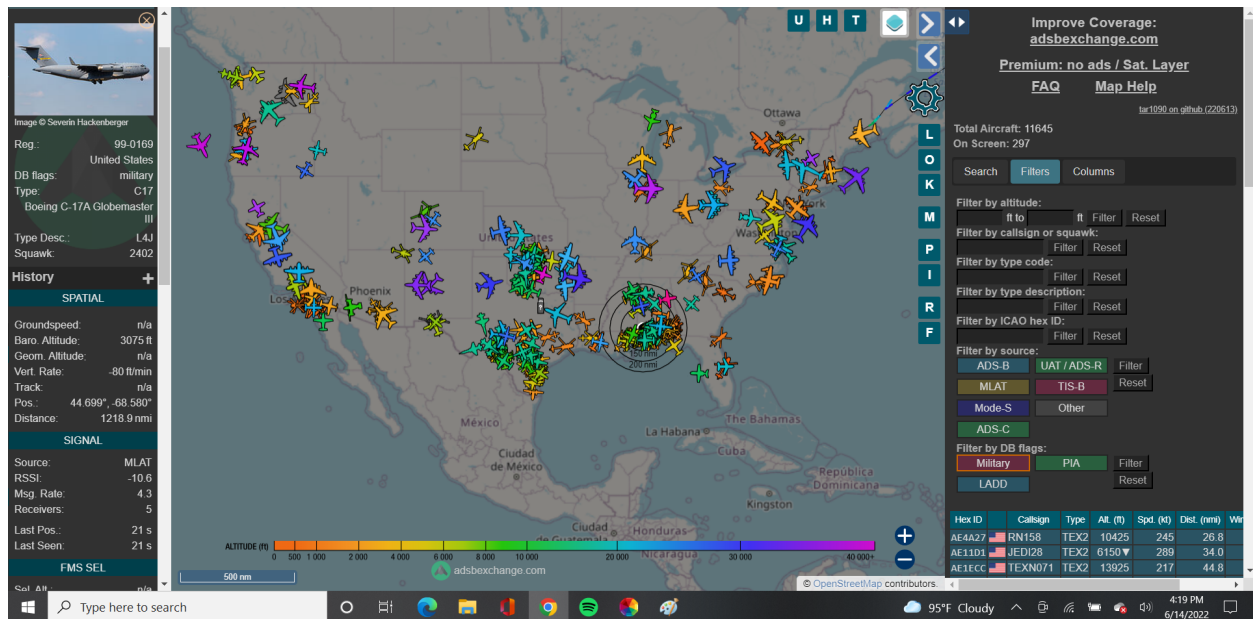

Those are **MILITARY LAW** and **CONSTITUTION**. Not up for debate.

Another **Hercules** in International Waters off the coast of Alabama and Florida:

About 10 more nautical miles, the flight blacked out. Not uncommon.

Here's **ALL** Military Aircraft in sky on **June 14, 2022**:

There's been no less than **300** every single day since January 2021... but "Biden" is "President" **LOLOL** yeaahhhhhh...

The most Optics by the babbling moron is he's "activated" every Obama Emergency Acts... which are all optics within optics...

Wait for it. It's coming.

2023 Military Tribunals are going to be EPIC.

The “**Nightwatch**” Plane. The current "Nightwatch" aircraft, is a strategic [command and control military aircraft](#) operated by the United States Air Force (USAF). It's for the **National Emergency Airborne Command Post (NEACP)** program.

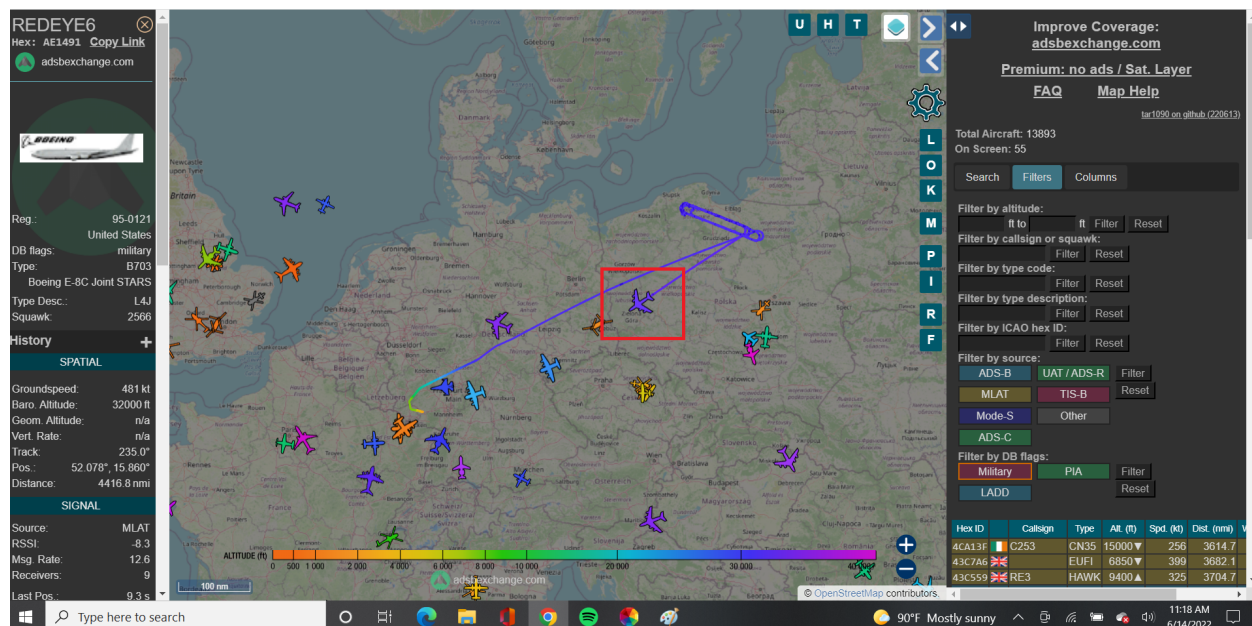

The E-4 serves as a survivable mobile command post for the [National Command Authority](#), namely the President of the United States, the Secretary of Defense, and successors.

If you check the dates when the “Nightwatch” is in the sky... the “President” and Secretary of Defense 99% of Americans think are President and Secretary of Defense... are not in the same location on the dates I’ve been tracking the movements.

The **E-8 Joint STARS**. The Joint STARS is a United States Air Force airborne ground surveillance, battle management and command and control aircraft.

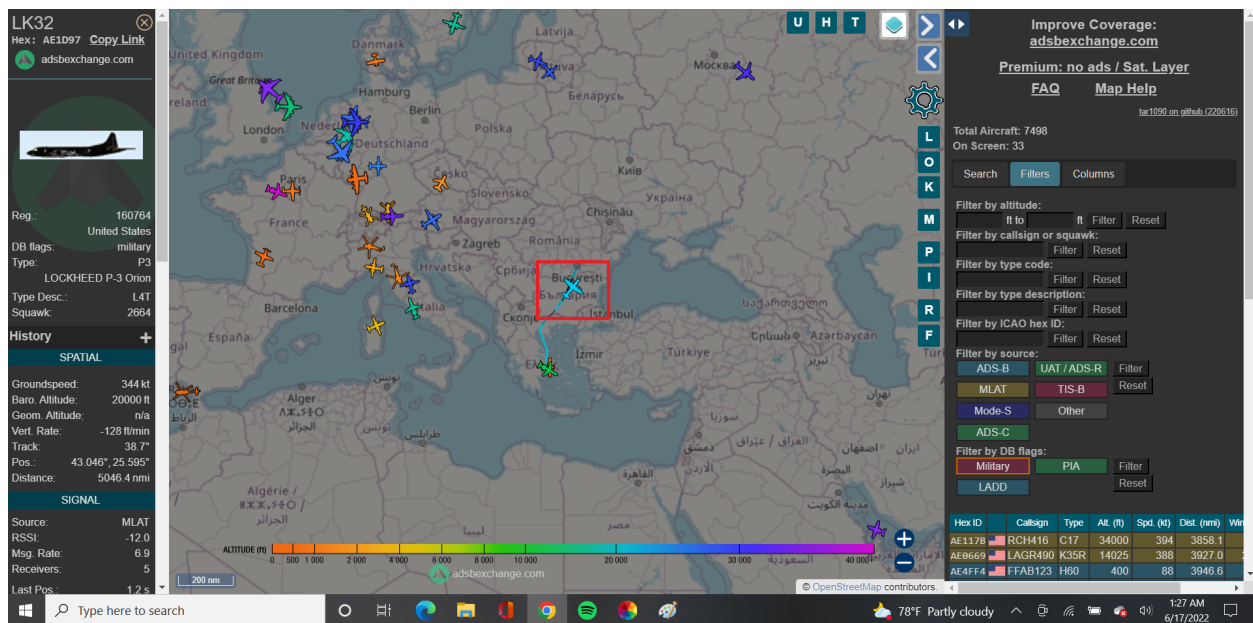

It tracks ground vehicles and some aircraft, collects imagery, and relays tactical pictures to ground and air theater commanders.

The aircraft is operated by both active duty U.S. Air Force and **Air National Guard** units and also carries specially trained U.S. Army personnel as additional flight crew.

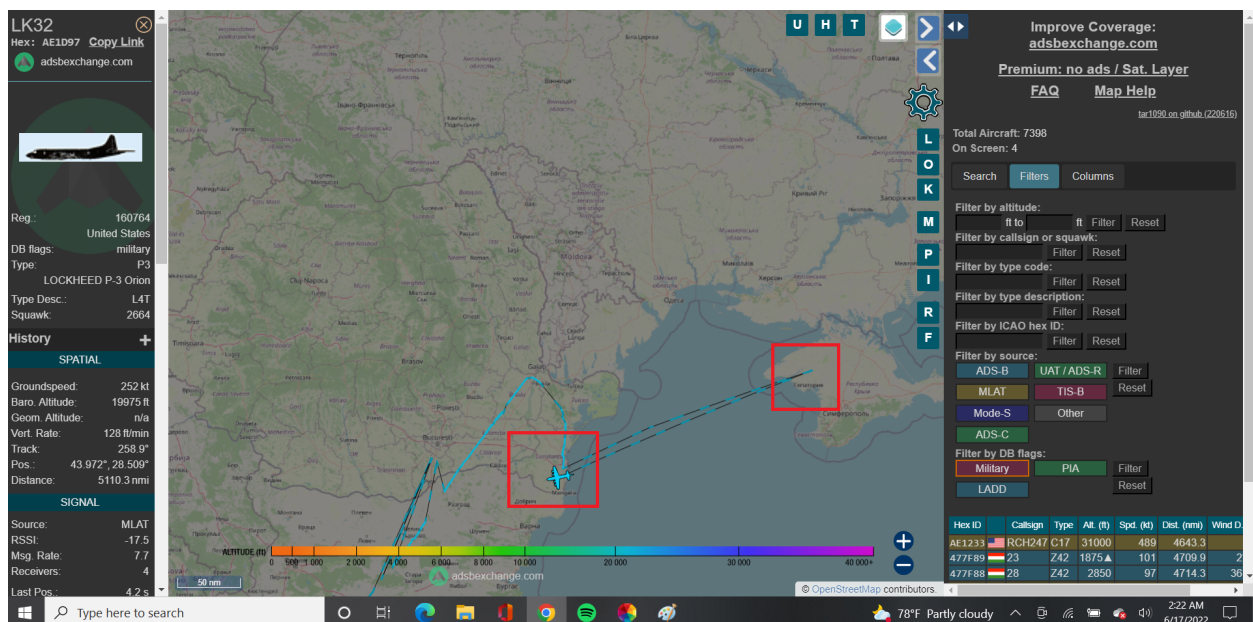

That is **Joint STARS**, call sign 95-0121, based out of Robins AFB, Georgia, flying from Germany to Poland, **June 14, 2022**.

The **P-3 Orion** currently in the air in Bulgaria (turned around in Romania) as I type, 1:30 AM CST, **June 17, 2022**:

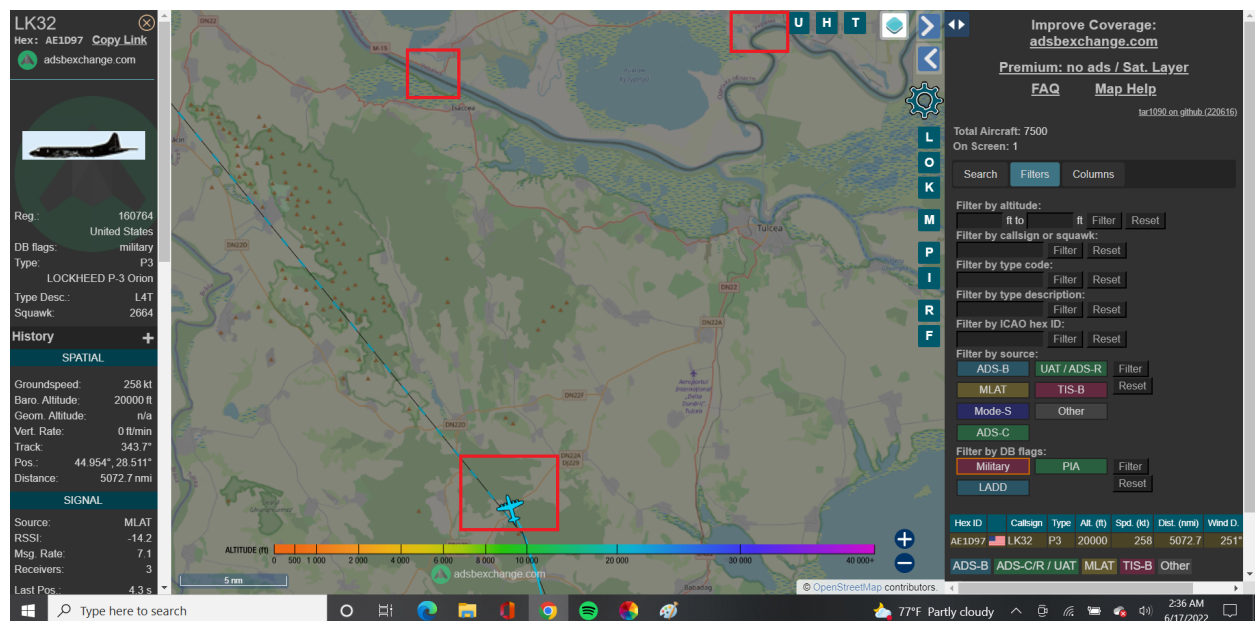

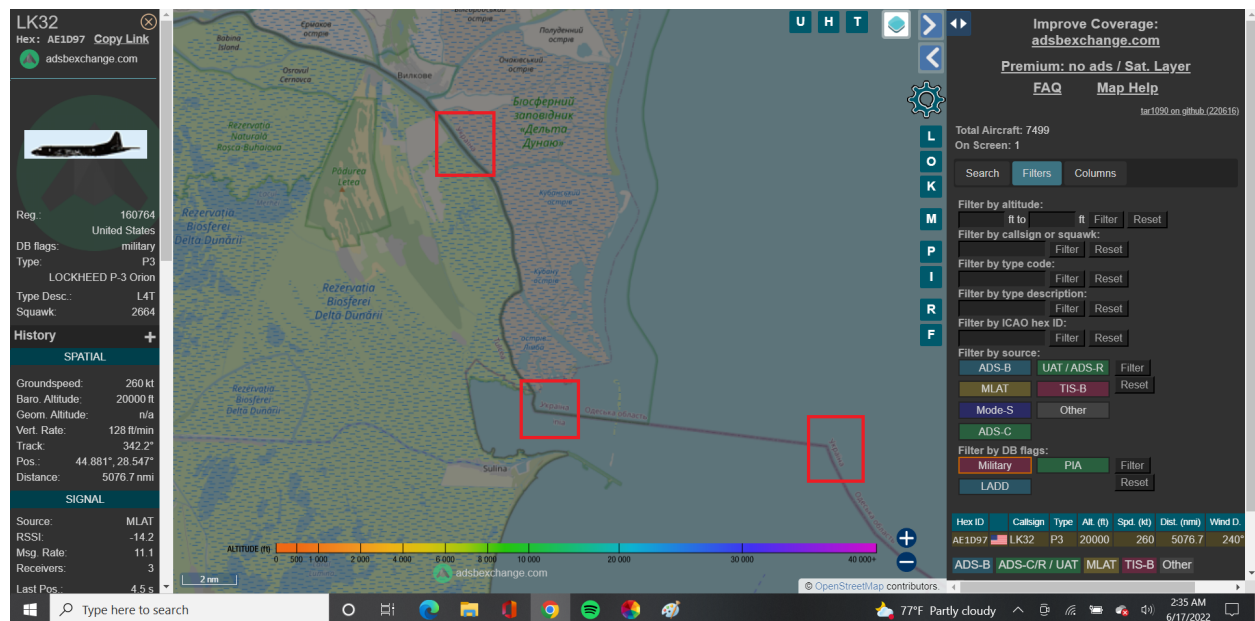

The **P-3 Orion** is primarily used for **maritime patrol**, reconnaissance, anti-surface warfare and anti-submarine warfare.

Ahhhhh and lookie what we have here at 2:26 AM CST while Americans are sleeping (except Veterans like me), **June 17, 2022**:

Notice the **Altitude**: only 20,000 feet. Very visible from the ground.

Notice the **Maritime Border**:

The Ukraine Border (top red boxes) is also a Maritime Border under Maritime Law.

The same **P-3 Orion** flew across the **Black Sea** to Ukraine. The same Black Sea that Russia has been accused of “blocking” due to Maritime Law.

Black Sea, Russia:

Look at the Yacht behind the submarine... super scarry LOL

Blocking Black Sea:

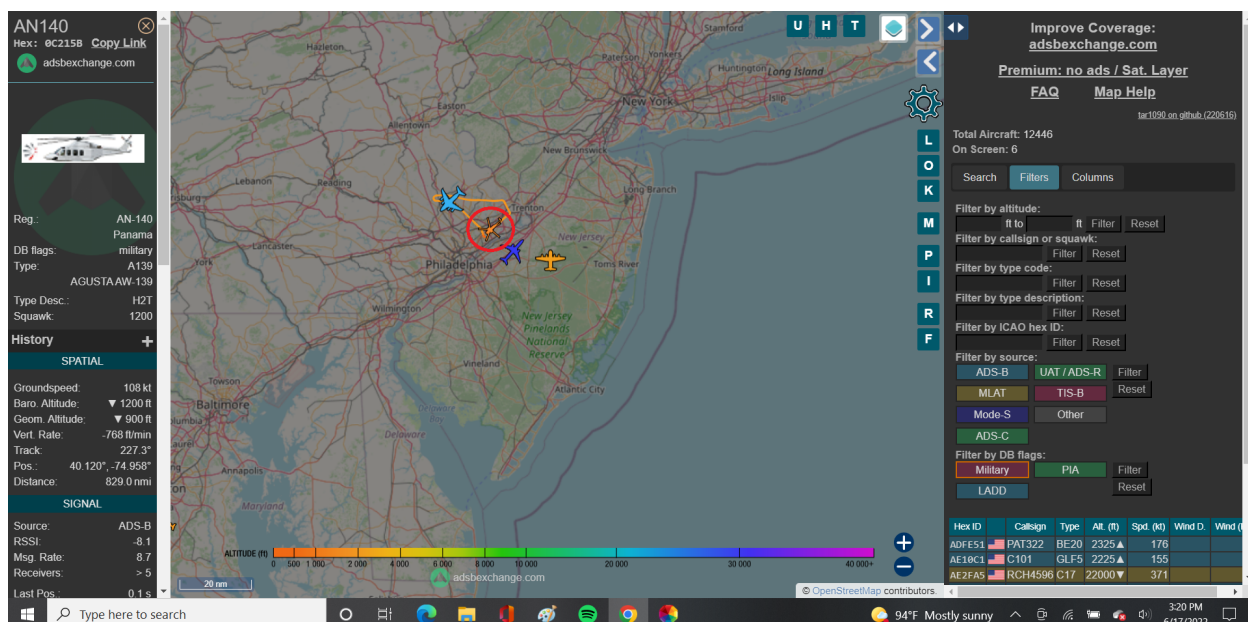

<https://www.washingtontimes.com/news/2022/mar/18/russia-blocks-hundreds-ships-leaving-black-sea-reg/>

That's what happens when Maritime Law goes into effect.

Who put Maritime Law into effect?

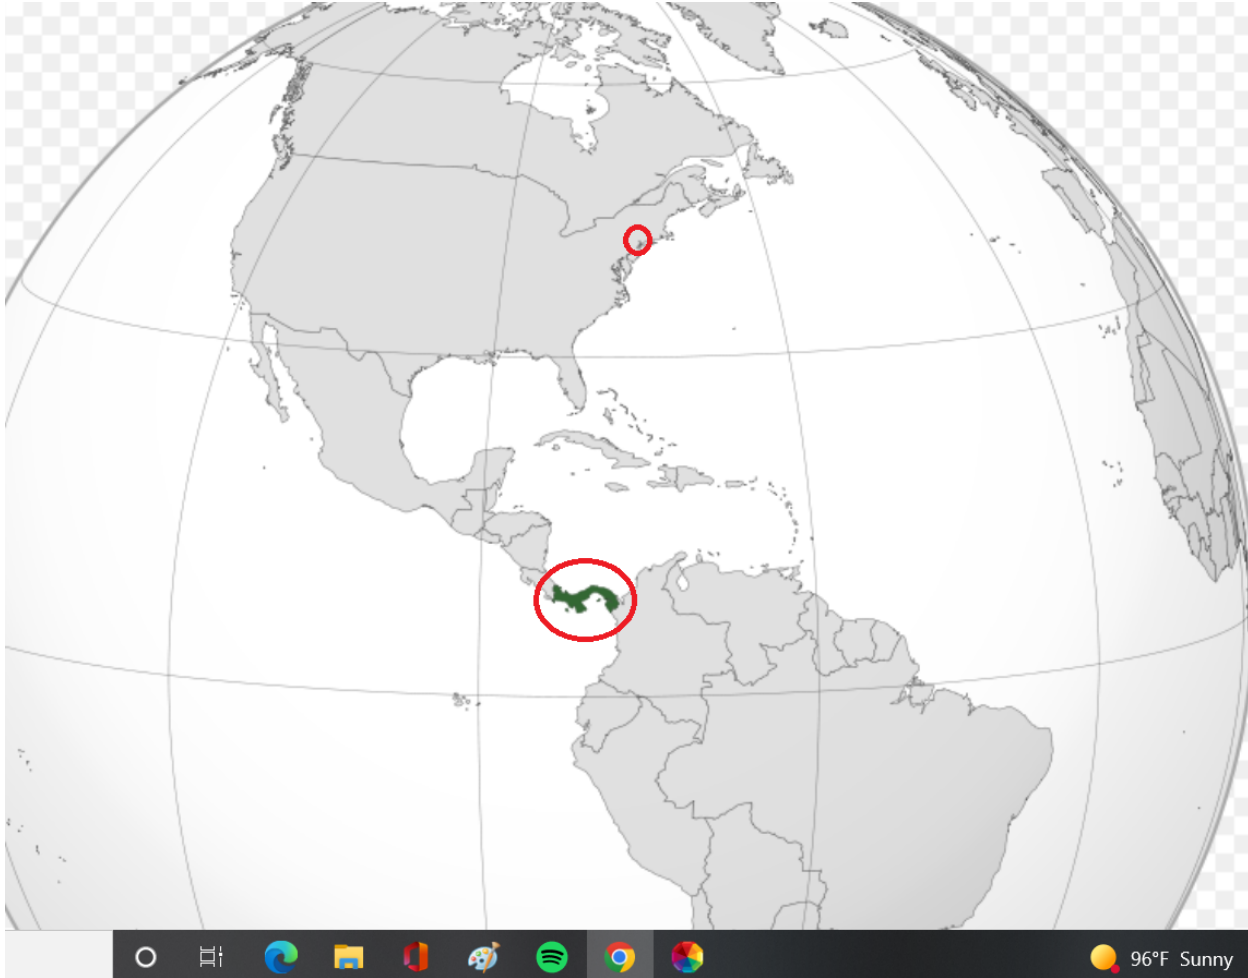

President Trump's **Executive Order 13848**... Not Putin LOL

Here's another **OPTIC** for **June 17, 2022**, at 3:37 PM CST:

Care to enlighten me why an **AgustaWestland, AW-139**, is circling near Philadelphia, Pennsylvania?

Do you know how far Panama is to Philly? On a freakin' helicopter nonetheless...

That AN140 above belongs to **Panama, National Aeronaval Service**, known as **SENAN**, which is a branch of *Panamanian Public Forces* known for carrying out naval and air operations.

Their **role** is to perform protection, surveillance, security and defense of the air and... wait for it...

MARITIME Jurisdictional Areas.

When was Maritime Law activated again?

Executive Order 13848, signed in 2018, *activated* November 3, 2020.

President Donald John Trump.

Panama National Aeronaval Service:

The **Doomsday Plane** (NUCLEAR PROTECTION) is for the **President of the United States** and the **Secretary of Defense**.

And would anyone care to enlighten me on why the “Doomsday Plane” has been activated since 2020?

I bet 99% who read this have never heard of the “Doomsday Plane” before today.

I also bet 99% of you would never dream of all the **multiple** hidden bunkers in the United States alone. Not a secret. You should and could have known this.

I'd highly suggest not to go looking for them or getting within their restricted space... that will notttttt be a fun day for you or your Fruit-of-the-Looms.

The media even told y'all the plane was activated in 2020... and as of June 2022, they're still telling you it's still active and has been seen in various places.

Trump takes “Doomsday Plane”; this is October 2, 2020:

<https://www.the-sun.com/news/1569135/america-doomsday-nuclear-command-planes-mobilized-trump/>

“Doomsday Plane” in March 2022:

<https://gizmodo.com/us-doomsday-plane-spotted-flying-over-nebraska-airspace-1848613998>

Bet you've also never heard of the North American Aerospace Defense Command aka NORAD.

NORAD:

<https://www.norad.mil/About-NORAD/Cheyenne-Mountain-Air-Force-Station/>

Outside of training and maintenance, it shouldn't be in the skies as much as it has without a reason... 

Ever heard the saying... “He ain't got sense enough to pour piss out of a bucket?”

Do you really believe with all you think and believe you've seen since January 21, 2021, if “Biden” was really President, and I don't know what I know, he can flush a toilet correctly much less have the budget to operate our military?

And if “Biden” is actually President and everything is great... Why is the same plane **actively** being used?

One of these planes alone costs the Air Force \$163,000 **per hour**.

Oh just for the record...

Trump didn't start any wars.

“Biden” didn't inherit a bad economy, much less a bad anything.

Although it's all a script.

A little history on the Doomsday Plane and why those Optics from the article above about NATO and “Russia being the bad guys” above are not what you think you “knew” this whole time... but what's ACTUALLY going on.

In January 2021, everything the Military and President Trump put into place, had all been activated via his Executive Orders, Presidential Acts, Presidential Emergencies, National Emergencies, put into place from January 20, **2017 to November 3, 2020**.

On November 3, 2020, **Maritime Law** went into full effect as outlined in **Executive Order 13848**.

In January, the **Gold-Fringed Flag** started making her every day appearances, and has been in every single camera angle (by Military Law) from news to sports events signifying Maritime Law.

In April 2020, he authorized the Secretary of Defense authority to activate Reserve Components of the Military as he saw fit.

Only one person can activate National Guard to Federal Duty... you witnessed it.

With the invoking of the Insurrection Act of 1807, that means every line of defense in all 50 states was activated.

President Trump extended his powers as President under the Articles of the Constitution as he did so, becoming only the 3rd WarTime President in our History, as written in the Constitution.

On January 20th, 2021, the world **never** saw President Trump concede.

He didn't have to due to all of those above. The world thought they witnessed Trump "step down" as President...

Well, you did, but...

Stepped UP as Commander-in-Chief.

The Executive Orders with National Emergency and Maritime Law activation, the Presidential Emergency on November 3, 2020, the invoking of the Insurrection Act of 1807, the Executive Order 13919 in 2020 activating January 6, 2021, ALL extended President Trump's power outlined in Articles of the Constitution.

Military Law is greater than Federal Law. The Military can act with or without Congress.

Two separate laws, roles, and duties.

President Trump was then seen leaving the White House walking on a red carpet roll out with 17 Gold-Fringed Flags, with a 21 gun salute, which is the actual inauguration by the book by the Uniform Code of Military Justice and Military Regulations, as he boarded:

Air Force One. 🕶️

NO President has **ever** left office in Air Force One.

Trump left, January 20, 2021, in Air Force One #29000.

Call sign: 92-9000.

The doomsday plane is designed to carry the Secretary of Defense and Chief of Staff.

If you have been following along... and reading Executive Orders... you would have read that FEMA and other agencies are in charge alongside Commander-in-Chief Trump...

Trump's **Executive Order 13919**, signed **April 30, 2020**, gave the **SECRETARY of DEFENSE FULL AUTHORITY** to **ACTIVATE** our Reserve components of the Military.

Reserved Forces to Active Duty:

“The US Strategic Command could not be reached for comment.” -

Remember what President Trump said about telling our enemies what’s going on?

Do you reallllllly think they’re going to tell anyone what missions we’re running?

Media has always been our enemies and color the truth.

When you go through Basic Training in the Military...

Do you know that we learn how to talk to press reporters? Bet ya didn’t know that either.

The Doomsday Plane has been in Nebraska, Florida, Texas, and Ohio. There’s a bunker in Nebraska and Texas.

And I can assure you... “Biden” ain’t in that plane... he ain’t in DC... he ain’t even in Culver City, California, where the fake press room is.

Now, allow me to show or “prove” to you with **point #14**, President Trump is your acting Commander-in-Chief and this is all a beautiful script, as you’re watching The Military save America... the America of 1774 to 1870 that will be fully restored to her origin and foundation when WE get through fighting for you whether you stay in denial or hop on this historical fight.

This is the actual Doomsday Plane.

The Doomsday Plane can be tracked by me, you, anyone.

The Nuclear Protection Plane with **call sign 75-0125**.

NOT A SECRET.

You do not need clearance to track.

I can assure you... you won’t get anywhere near it. But I welcome you to try it... we need to thin the herd out any way we can since most of you liberals won’t leave as you claim you will.

The number on the tailfin is #50125.

Here's more pictures of her:

<https://www.airplane-pictures.net/registration.php?p=50125>

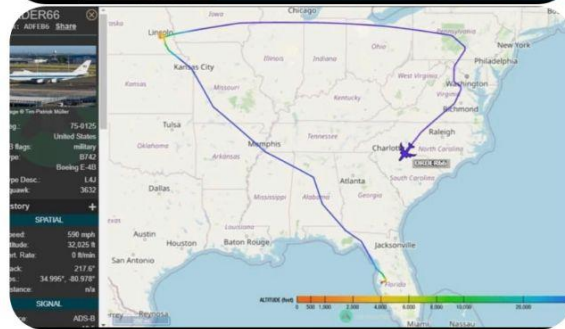

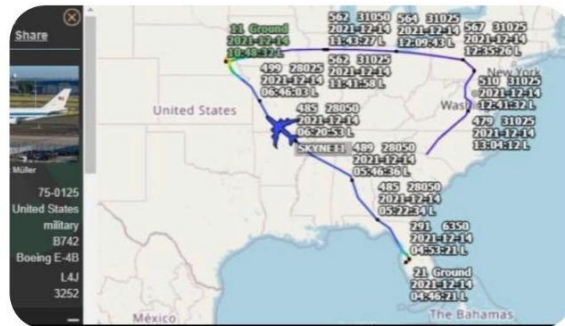

As I've already shown, you can get on a few sites, and if you know what to look for, you can track that plane or see all active flights in the sky live.

I sent these pictures to a friend of mine on December 16, 2021.

NQIA – The National Quantum Initiative Act

PUBLIC LAW 115-368—DEC. 21, 2018

TITLE I—NATIONAL QUANTUM INITIATIVE

SEC. 101. NATIONAL QUANTUM INITIATIVE PROGRAM.

(a) IN GENERAL.—The President shall implement a National Quantum Initiative Program.

(b) REQUIREMENTS.—In carrying out the Program, the President, acting through Federal agencies, councils, working groups, subcommittees, and the Coordination Office, as the President considers appropriate, shall—

(1) establish the goals, priorities, and metrics for a 10-year plan to accelerate development of quantum information science and technology applications in the United States;

(2) invest in fundamental Federal quantum information

The National Quantum Initiative Act (NQI Act) was signed into law by President Trump on December 21, 2018 “to accelerate quantum research and development for the economic and national security of the United States.” The NQI Act authorizes the National Institute of Standards and Technology (NIST), the National Science Foundation (NSF), and the Department of Energy (DOE), to strengthen QIS Programs, Centers, and Consortia. The NQI Act also calls for a coordinated approach to QIS Research and Development (R&D) efforts across the United States Government, including the civilian, defense, and intelligence sectors. To guide these actions, the NQI Act legislates some responsibilities for the National Science and Technology Council Subcommittee on Quantum Information Science (SCQIS), the National Quantum Coordination Office (NQCO), and the National Quantum Initiative Advisory Committee (NQIAC). Recognizing that QIS technologies have commercial and defense applications, additional authorization for QIS R&D is legislated by the National Defense Authorization Act. Civilian, defense, and intelligence agencies all have a long history of investments in QIS, and have a stake in future QIS discoveries and technology development. The National Quantum Initiative now provides an overarching framework to strengthen and coordinate QIS R&D activities across U.S. Departments and Agencies, private sector industry, and the academic community.

And before that... **March 2021:**

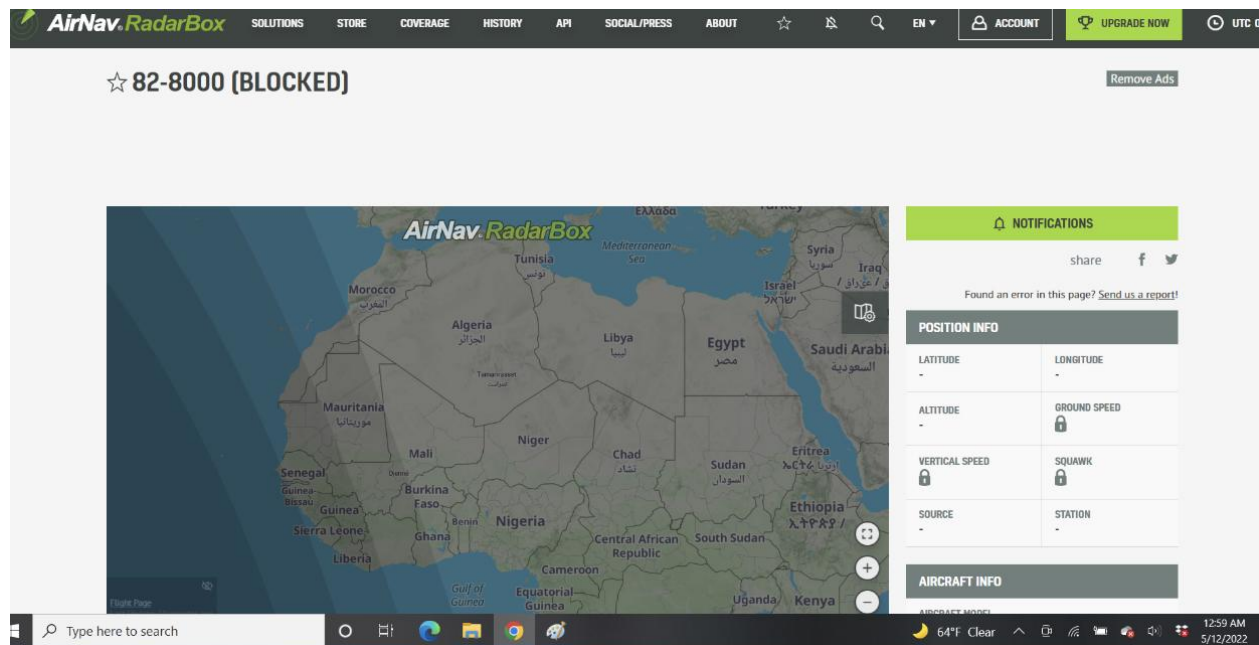

President Trump was in Texas in March 2021 :)

Sameeeeeee Air Force One.

Now let's look at... **Air Force One**, #28000, call sign: 82-8000:

BLOCKED via finding any flight logs on most sites except globe.adsbexchange.com

Here's why:

One, President Trump made a new deal with Boeing in 2017, and these two aircraft were going to be decommissioned. That's your first catch.

Two, when military equipment and vehicles are decommissioned, they are stripped down of their capabilities except for engines, and civilians can purchase them.

Three, You can click on the serial number and see recent pictures of 28000 in other countries, but none at Joint Andrews Base in D.C.

You have to be able to go back to the origin. You cannot pick up from today and try to understand.

Trump tweet, December 6, 2016:

<https://www.yahoo.com/gma/donald-trump-says-air-force-one-project-boeing-175020245--abc-news-topstories.html>

Notice the date... tweeted as President-Elect. He had not taken office yet and he's telling Boeing to "**Cancel Order!**"

Very last paragraph:

“Boeing has long been mulling a retirement of the 747 line. Air Force One is filled with communications gear and defensive gear and costs much more than a regular 747 aircraft.”

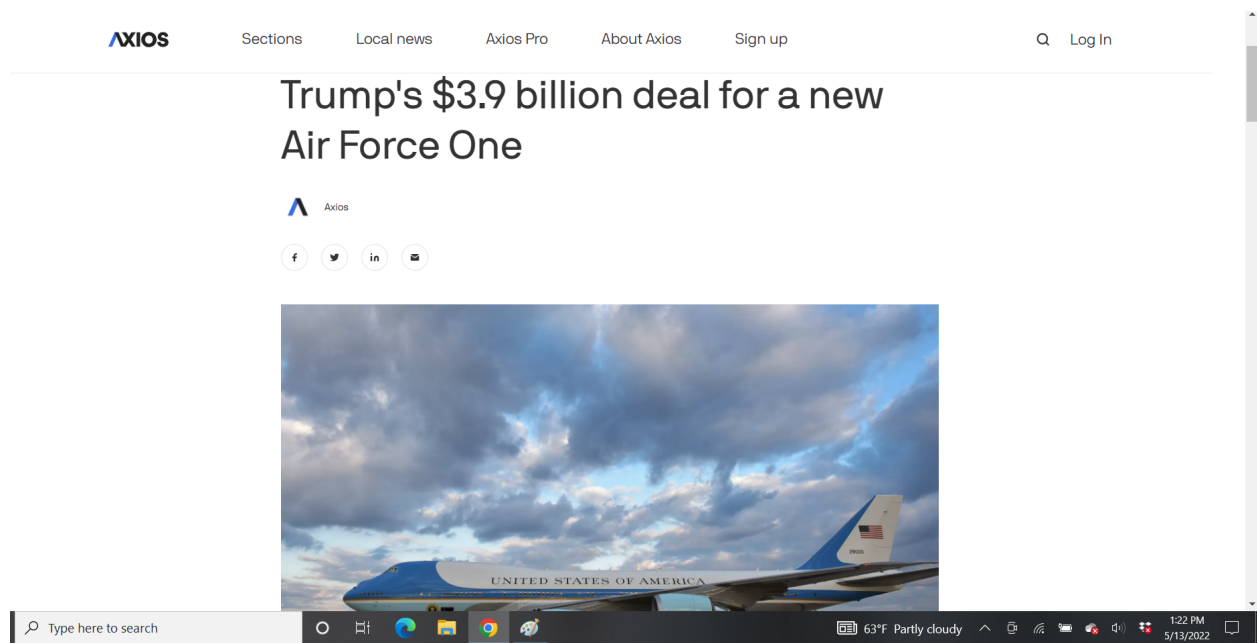

Another December 2016 article:

<https://aircraft-completion.com/featured-article/donald-trump-and-air-force-one/>

Trump made a new deal with Boeing:

Boeing lost \$660 million:

<https://www.axios.com/2022/04/27/boeing-lost-660-million-trump-air-force-one-deal>

Every President-Elect has been flown in by Air Force One. “Biden” supposedly (in average American eyes) got the most votes in "History," not getting flown in via custom and regulated process?

Here's both Air Force Ones at Joint Base Andrews on January 20th, 2021, as the picture shows plus the editor:

President Donald J. Trump and Melania Trump, first lady, depart Joint Base Andrews, Maryland, on Air Force One for the final flight Jan. 20, 2021. The Trumps flew to Florida to start their post-presidential life. (DoD photo by U.S. Air Force Tech. Sgt. Logan Carlson)

It gets better... or dumber... not sure which one yet...

So, let me get this straight... a man who's been a Senator for 38 years, VP for 8, "got the most votes" in United States History and never left his basement... did not get the "Presidential-Elect" flight into D.C... but his FIRST flight ever as "President" was in Air Force Two? **LOL**

But now "he's" "flying" in Air Force One #28000... the same one shown at Joint Base Andrews with President Trump on January 20, 2021, that was grounded and clearly available for use for the "President-Elect" with the "most votes" in United States History? **LOL**

The all new **Marine One** introduced earlier than expected, in 2018.

Mainstream media, 2022, tells you that the new Marine One, isn't available for "Biden" due to "failing to meet the reliability, availability or maintainability threshold requirements"... **LOL**

VH-92A Marine One:

<https://taskandpurpose.com/news/marine-one-presidential-helicopter-scorches-white-house-lawn/>

Yet in the same article, the Heli is in usage. Because it was delivered ahead of time, in 2018. President Trump flew in one on his big July 4th celebration.

All you have to do is a little reading and research. The new Marine One planning started way back in 2006 era.

"Fails to meet:"

<https://taskandpurpose.com/news/marine-one-presidential-helicopter-scorches-white-house-lawn/>

Once again, you must know the origin and then what happened on January 20th, 2021.

Media in multiple articles will have you believe "Biden" will reap the benefits of the new Air Force One models.

Sure, if you did not know what took place from 2017 to 2021 and what happened on January 20th, 2021.

Article: **September 21, 2021:**

*"The Biden administration's fiscal 2022 budget request also used the picture. But Richardson said **"don't read anything into"** that."*

"It's a cartoon—it's not a real airplane," he said. "It's just something that's on a paper."

Soooooooo... who is "He said?"

That would only be **Lieutenant General** Duke Richardson, the Air Force military deputy for acquisition.

Only a **3-Star General**...

New Air Force Ones:

Now whyyyyy would the Air Force want to fly over Mount Rushmore?

What is that little gem on the bottom left?

And what is in Tampa, Florida? MacDill Air Force Base.

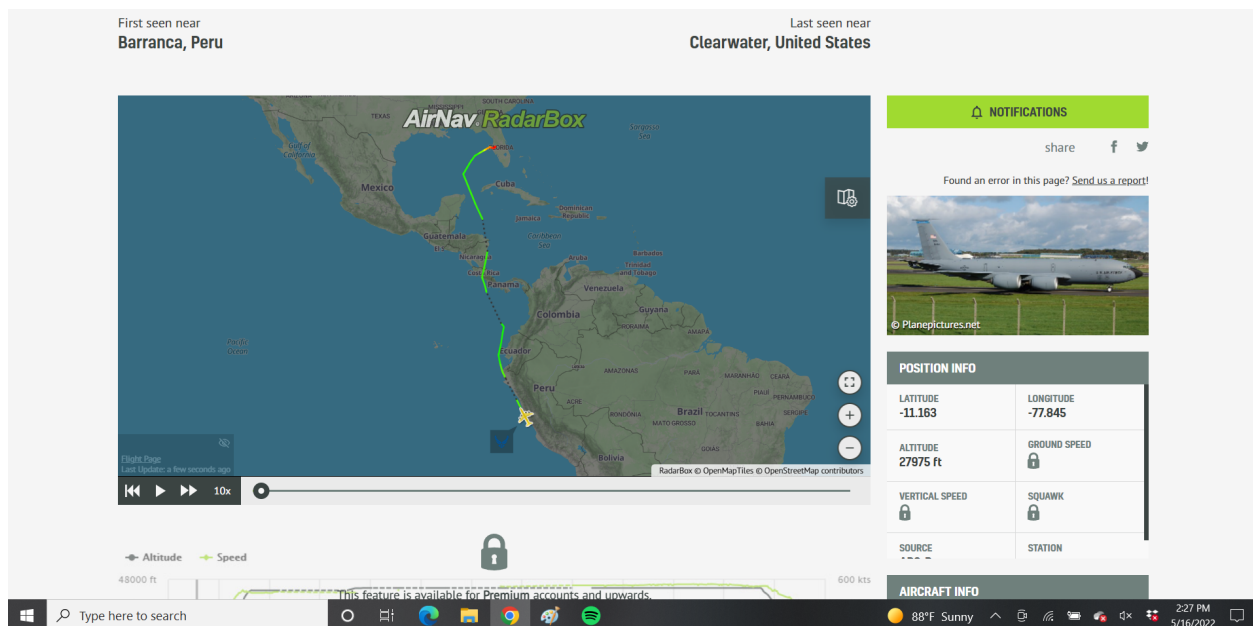

MacDill Air Force Base:

https://en.wikipedia.org/wiki/MacDill_Air_Force_Base

Home of the: Strategic Air Command. (SAC).

What did you learn from earlier about SAC?

And again, more proof President Trump's Military's in Control:

That's a [Boeing KC-135R Stratotanker](#) aka Refueler down in Peru to Tampa.

U.S. Embassy in Peru closed down in 2020:

<https://pe.usembassy.gov/alert-u-s-government-sponsored-charter-flights-confirm-ed-april-8-9-peru-april-7-2020/>

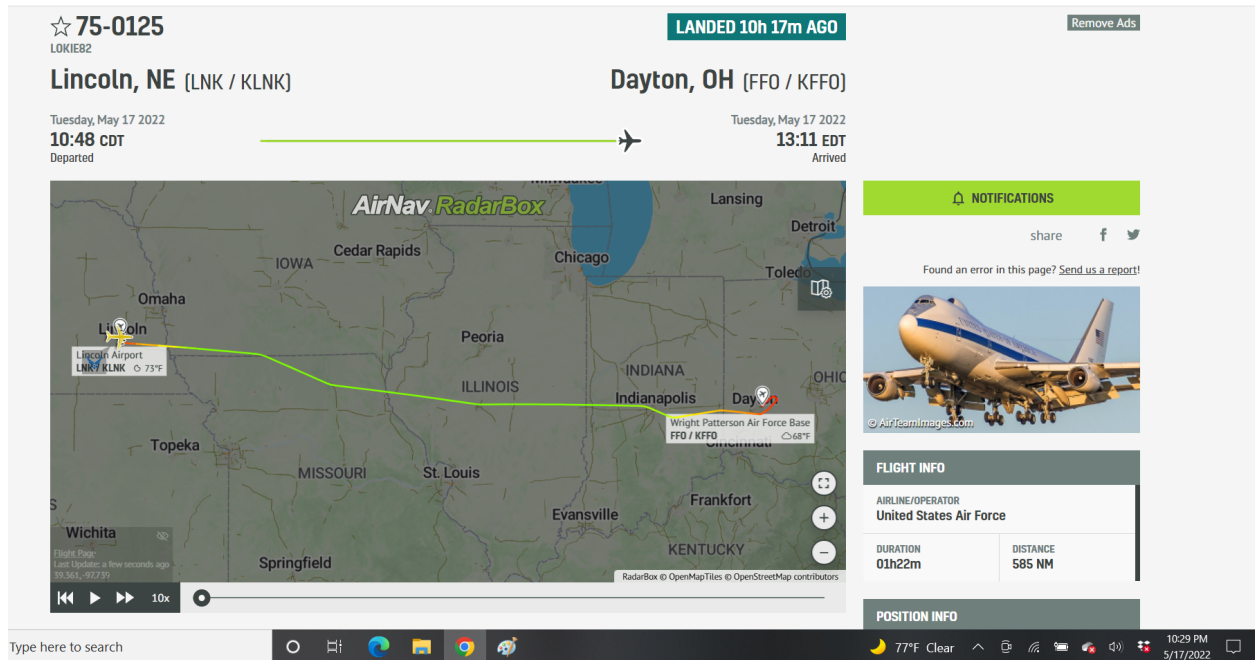

U.S. Embassy in Peru brief window to fly:

<https://pe.usembassy.gov/alert-lima-airport-status-and-repatriation-flight-updates-peru-april-27-2020/>

Amazing how **Tampa** and **MacDill Air Force Base** keeps showing up...

Whose office is in **Florida** again?

May 17th, 2022:

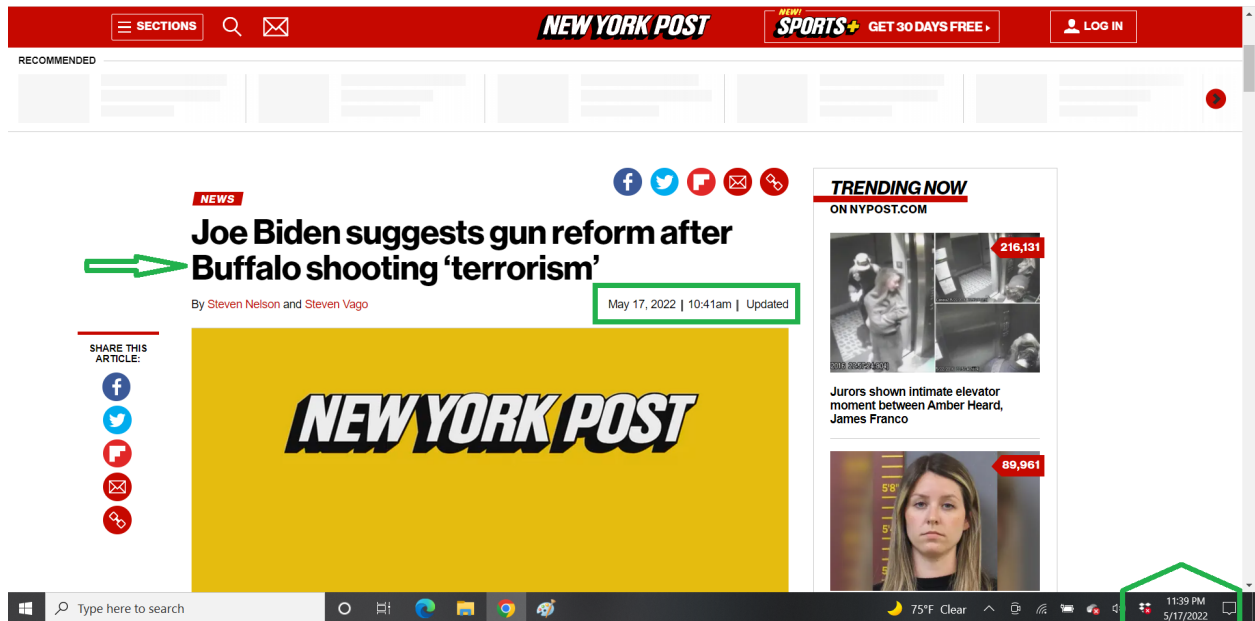

Doomsday Plane yet again flying from Lincoln, Nebraska, where a nearby bunker is... to Dayton, Ohio, Air Force Base.

That plane is \$163,000 an HOUR to operate. And just for the record... the dumb babbling puppet "Biden" was in Buffalo on that date.

"Biden" in Buffalo - May 17, 2022:

<https://nypost.com/2022/05/17/joe-biden-lays-flowers-at-site-of-buffalo-mass-shooting/>

Let me show you **EVEN** more Optics.

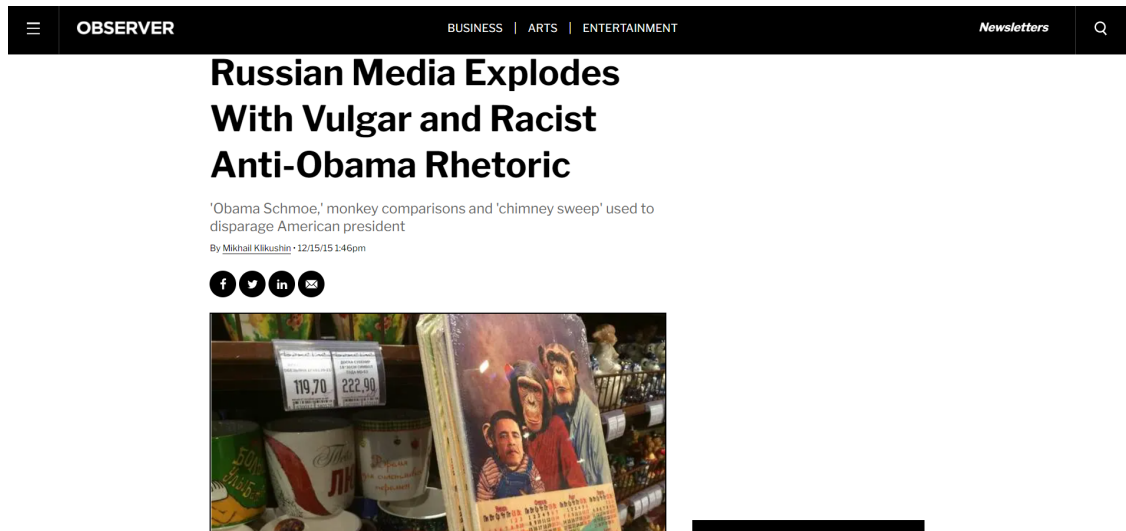

On **May 13, 2022**, the “Mainstream Media” tells you that the **Secretary of Defense** Lloyd Austin told Russia and Ukraine to ceasefire...

Do you really believe Vladimir Putin would listen to the United States if this was not a plan?

If you think Vladimir Putin is such the bad guy most of you think he is... plus the Media's painting him to be... you think he'd listen to a coward like “Biden” if “Biden” was actually real and President?

Putin called Obama a “dumbo eared baboon” when I was on active duty. No, you won't find that on google.

But you can find that Obama was denigrated and called the infamous “N” word by Putin and his circle.

<https://observer.com/2015/12/vulgar-and-racist-anti-obama-rhetoric-inundates-russian-pop-culture/>

All the poop for brains, babbling puppet “Biden” does... is talk crap about Putin.

You should be awake by now.

I’ve shown you the picture of Putin and Trump I took on November 9, 2016 twice... “I’m ready to work with Trump for the ‘Reset.’”

You know why he said he was ready? Because the Military took control, Trump was just the frontman for the leadership role. The Military via Trump is making everyone show their crimes to the world.

Did Trump get us into war as all the libtards screamed he would? **Not ONE war.**

“Biden” (though Optics) told you he’s putting Troops BACK in Somalia this week, May 16, 2022, after Trump pulled us out of that crap hole.

And on **May 22, 2022**, just 6 days later:

Official Secretary of Defense DOT GOV Travels

<https://history.defense.gov/DOD-History/Secretary-of-Defense-Travels/>

Look above. Go to the site.

Records have been kept since **1948**.

The last foreign trip on RECORD:

December 2020.

And look who it was... Secretary of Defense Christopher Miller. So, all of a sudden, the travel logs stopped in December 2020, less than one month after Maritime Law went into effect on November 3, 2020, as signed in Trump's Executive Order 13848?

Wake up. So easy, it's stupid.

*"The United States and Russia have established a hotline since the invasion — which Moscow calls a **"special military operation"** — to prevent miscalculation and escalation in the region."*

Secretary of Defense wants ceasefire

"Special Military Operation" - you're watching the **mirror effect** as Russia is bombing Biochemical Labs that were funded by China Communist Party and the United States Corporation during Obama Admin while JOE BIDEN was Vice President.

From your Civilian view, all of the above and evidence, should look like Double Standards which all translate to LIES, TREASON, FRAUD, and CRIMES AGAINST HUMANITY.

But the Doomsday Plane is just “training”... **LOLOL**

By a “President” with 28% approval (whoever they are need deporting, but 27.9% of them have tombstones)... who can’t tie the shoelaces on a Velcro shoe properly...

But he can budget the Military with an aircraft that’s \$163,000 per hour to operate and it’s “just trainingggg” with your taxpayer \$\$\$ with asinine gas costs, taxes, inflation, etc?

LOLOLOL

In Oklahoma, they have a weed store called the “Grass Station”... some of y’all need a full tank of that if you *still* believe “Biden” is President after all this.

Now you’re ready for **Part Three: Optics!**
